**To Save Is to Have**  
Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it.  
Yet that 25 cents a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to well over eleven hundred dollars.  
Think of what you can do with this.

**Realize Your Dreams**  
Just a few years of small but steady savings will bring you many of the things you are longing for. Perhaps you want a car. Perhaps you want to buy the farm next to you. Perhaps you want to start a son in business, or to go traveling, or to educate yourself or your children.  
Saving will do all these. And best of all, you will have formed the saving habit and will never be one of the nine men out of every ten who pass their last years penniless—in the poorhouse or dependent on others.
