IS THE PRODUCER—ALWAYS

Primarily, of course, it is the soldier in war who is the patriot—he produces fighting qualities, his life, his all.

**LEGION WEEKLY CALLS HARDING'S ATTITUDE ON BONUS A "SUBTERFUGE"**

As the A. E. F. would not have accepted a defeat in the field as final, so the American Legion whose membership is made up therefrom does not accept the defeat of the Soldiers' Bonus bill at the hands of President Harding as final, but will continue to urge that measure.

In a dignified editorial, showing great restraint but great determination, the American Legion Weekly, official paper of the organization, calls the President's act "an unprecedented step" and speaks of his message as "remarkable." It alleges that the figures in the message "were inaccurate and so arranged as not to present a real summary of the disabled situation," and insists that the questions of the disabled and of compensation should be kept separate.

It speaks of bringing in the disabled situation as an "effort to fog the issue" and says that those who have followed the fight for compensation "are not accustomed, nor were they prepared to find the President of the United States resorting to such a subterfuge."

It thus points out the President's errors of commission and omission in the statistics he gave:

Mr. Harding says there were 200,000 claims pending in the War Risk Bureau late in April, and that this number has been reduced by 134,344. A few weeks ago the bureau issued a statement setting forth only that the total of claims has been reduced from 90,000 to 65,000. Of a grand total of 813,442 claims filed to July 7, 1921, says Mr. Harding, 747,78 have been settled. He does not mention that 340,000 of these were curtly turned down and turned out for "lack of medical evidence" or for other technical reasons. Mr. Harding cites the four billions of government insurance now in force. He does not mention that the allotments for this insurance came out of the service man's pay nor that the premiums are now coming out of the veteran's pocket. He does not suggest that the Government transacts its insurance business purely upon a business basis.

There are 6,000 beds in government hospitals without occupants, says Mr. Harding. This is the favorite datum of Dr. Sawyer, the President's physician, refuted by the Dawes committee and punctured many times. As a matter of fact, when President Harding was talking so optimistically to the Senate, the chairman of a special committee appointed by him was telling the Senate committee investigating the disabled situation that even after 5,800 beds to be made available by current appropriations are ready, 5,000 more will be needed. These are just a few of the inaccuracies and inconsistencies in Mr. Harding's message. There are others.

Perhaps no part of the editorial so accurately describes the way the American Legion men feel about their legislative defeat than the following sentences:

"In the meantime the United States stands as a country which has refused to meet an obligation and the most ungrateful of nations."

"Only America has forgotten."

**WORN NERVES**

Nervous troubles, with backache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors. Ask your neighbor!

Mrs. W. M. Pleasants, Cedar St., Louisburg, says: "Some years ago I was in bad shape with my kidneys. I was annoyed by the way they acted and my back was so lame and sore that if I would do a little too much lifting, severe pains would come over my kidneys. My head ached badly at times, too, and I was nervous and couldn't stand the least noise. I heard a whole lot of Doan's Kidney Pills and began taking them. I got my supply at Aycock's Drug Co. and am glad to say they relieved this trouble."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pleasants had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

The trouble with too many children is that the education of the parent has been sadly neglected.
