Beulah Leeson, of Kenly, Mrs. A. L. Daniel, Mrs. W. L. Daniel, Mrs. Callie Hunt and W. B. Gordon, 15 grand children and 6 great grand children, all of whom have the tenderest sympathy of the entire community. They have some consolation, that their loss is heaven's gain and that Heaven is nearer and dearer to them because they have loved ones there. While we cannot understand God's ways, his will with us here, Heaven will explain, and there sometime we'll understand. While he sends us these sorrows he keeps us nearer to him and makes us turn more and more to him for help to tear our griefs. We should try to realize that death is not the end of life, merely beginning the exchange of a lower for a higher happiness. The funeral services was held at the home conducted by her pastor, Rev. W. E. Wallace and her body tenderly laid to rest by the side of her husband in the family burying ground. Many beautiful flowers paid a last tribute of love to one who will be missed in her home and neighborhood. The pallbearers were: R. T. Daniel, Turner Lesson, Early Perry, P. E. Dean, W. L. Daniel and Charlie Gordon. She is safe on the heavenly shore. Done with pain forever more. No more sorrow, fear or care, No more cross for her to bear, Never more to shed a tear, Better far than ever here. D.

IN MEMORIAM.

Another home and community was made sad when on the morning of Oct. 27, Mrs. Cecelia Wilkinson Gordon passed away at the home of her son, W. B. Gordon, at the ripe age of 72. She had been in bad health for 12 months, the last few weeks of which were pain-filled, she bore her sufferings patiently, and whenever you looked into her face it wore a smile. All was done for her relief that loving hands could do, and only yielded her when she passed into the beautiful life of God. She won the friendship of everyone who knew her. Mrs. Gordon was converted and joined the Baptist church when only twelve years old and lived a beautiful Christian life for 70 years. As a mother she possessed the spirit of self-sacrifice to her children, and a tried friend to all. The universal feeling of her neighbors and friends is that a most excellent woman has been taken from us to the reward of a higher life. She will continue her good work in the influence left behind. She leaves five children, Mrs.

The Gasoline That Delivers the Goods

Delivery service, with its innumerable stops and starts, puts motor fuel to a severe test, especially in cold weather. Unless the gasoline is quick firing, valuable time is frittered away every time the motor has to be started. The alternative of allowing it to idle every time a call is made means wasting a lot of gasoline.

But there are other qualities that are desirable in gasoline besides the "pep" that proper volatility assures. There must be sturdy pulling power for heavy grades, combined with big mileage per gallon. The motor fuel must burn up so completely that there is practically no half-burned residue to foul the moving parts of the motor and dilute the lubricating oil.

These properties of a well balanced motor fuel are all possessed by "Standard" Motor Gasoline. It is an improved article which leads other gasolines in every important quality that makes for efficient and economical operation.

Work with your engine, not against it. Use "Standard" Motor Gasoline for power and Polarine Oil for lubrication.
