

Fordson

Put it to any Power Task

While the Fordson Tractor has power in plenty to drag plows and harrows through the heaviest soil, it is light enough, small enough and so easily controlled that it can handily be put to many tasks about the farm, that will save you time, money and work.

In fact the Fordson will do every power job, both draw-bar and belt, more quickly and at less cost than it can be done with any other form of power. So every month the whole year 'round the always dependable Fordson will prove itself a paying investment, because of its capabilities, its economy and efficiency.

We will gladly explain and demonstrate to you the many Fordson money-making, time-saving features. Call, write or phone.
