THE TIME TO TAKE PEPTO-MANGAN

When You Feel a Little "Off" It Will Bring You Back to Health. Some people never need any medicine at all. They are, as the saying goes, "strong as a bull." They are mighty lucky. Most people need a good tonic once in a while. They take cold, or through overwork or social activity do not get enough sleep; many eat improper food and thus hurt the digestion. It is mighty wise to take Gude's Pepto-Mangan with the meals for a few weeks and build up. One cannot have too much good health. Pepto-Mangan gives you plenty of red blood, and everybody knows that red blood means feeling good and looking good all the time. Sold by druggists in liquid and tablet form. Advertisement. Prince Leopold, the Belgian heir, is reported engaged but you must whittle your own wheeze about Belgian hares.
