#### CENTRAL CO-OPS

Growers Pleased on 18 Floors—Restraining Orders Start Legal Action.

The opening of the warehouses of the Tobacco Growers Cooperative Association at 18 markets of Central North Carolina last week was completely successful when 750,000 pounds were delivered by organized growers and a substantial increase in cash advances was made by the Association.

Great crowds attended the opening of the Cooperative warehouses at Oxford, Henderson and Durham. At Durham the crowd literally filled the warehouse and at Roxboro where 75,000 pounds were delivered the opening was marked by prayer for the success of the farmers in their effort to obtain the fair reward of their labor through the association. Good deliveries have continued since the opening day.

Manager Richard R. Patterson of the Leaf Department addressed the member growers at Roxboro telling them of the successful sales made by the Association and personally supervised the grading and handling of the weed at Durham, Oxford and Roxboro where the uniform grades and orderly handling of from sixty to eighty thousand pounds delighted the grower members.

Festival spirit and thanksgiving attended the smaller markets also. At Fuquay Springs, Sanford and Roxboro deliveries ran from 75,000 to 80,000 pounds each, and record breaking crowds witnessed the successful start of Cooperative Marketing at these places.

More than 300 new members from Central and Western North Carolina have signed the marketing contract for tobacco since the big cooperative opened 18 more markets last week.

The organized Virginia growers with a large majority sign up expect to add another thousand members to the Association before their markets open in October.

The Tobacco Cooperative started legal action to protect the contracts of 80,000 loyal members last Wednesday when it obtained a restraining order against Z. A. Harrel of Edgecombe County, and W. T. Jones of Nash County, to prevent these alleged contract breakers from delivering any more of their tobacco outside of the Association. Judge C. C. Lyon, holding court in Wake County, issued the restraining order which was forwarded to Nashville and served without delay upon the defendants. The order is made returnable before Judge Frank Daniels, holding court in Nashville, Monday, October 9th.

Z. A. Harrel, of Macleensfield, who signed up 25,000 pounds of tobacco and W. T. Jones of Nashville, who signed up over 10,000 pounds are alleged in the complaint of the association to have sold 5,000 pounds apiece outside of the association in violation of the contract.

The summons filed in these first suits of the tobacco cooperative calls for liquidated damages of five cents a pound for all tobacco sold outside of the association as provided in its contract with all members, also for attorneys' fees of \$350.00 in each case.

The association has instituted similar suits against F. W. Fairley, of Kingstree, S. C., and L. T. Leitner, of Marion, S. C., and has obtained restraining orders to prevent further deliveries of their tobacco, according to F. L. Wilcox, attorney for the association in South Carolina.

#### FRANKLINTON PERSONS ENTERTAIN SID HOLDEN WITH OPOSSUM CHASE ON MASON STREET

Little did Sid Holden dream of the entertainment before him when he journeyed from Louisburg over to Franklinton on Wednesday night to see something of city life.

No train was passing and the entertainment committee, composed of Fred Morris, Chief Strother and Hugh McGhee, were at a loss as to entertaining the visitor when suddenly their problem was solved. A majestic opossum stalked down the streets of our busy metropolis and rounded the corner at Mrs. M. C. Henley's store.

Disregarding all laws as to hunting 'possum out of season, the entertainers and their guest gave chase. The fun lasted for several minutes until Mr. Holden, as befits an honor guest, caught the varmint and put him in Robert's chicken coop.

Now, it would seem proper that the prize should have gone to the guest, particularly, inasmuch as he had made the capture. Perhaps it was intended that such should be the case. But the hosts reckoned without George Barrow, a Franklinton merchant, who as soon as all was quiet made a raid on the coop and carried the opossum home. Mr. Barrow claims that he was aided and abetted by one, Tommy Joyner, and that the 'possum kept him up with his noise anyhow. And he is looking forward to a fine meal.

But he reckons without Chief Strother who said yesterday that as soon as the creature good and fat and in nice condition that he was going to serve claim and delivery papers on him.

It is not yet known where Mr. Holden comes in.—Franklinton News.

The only arguments some people listen to are their own.

#### HAGENBECK-WALLACE CIRCUS.

Ho, ho—the days are numbered now and very shortly the majestic Hagenbeck-Wallace Circus will be in our midst, scattering joy waves to the delight of the grown-ups, as well as the kiddies.

The circus is due next Tuesday, October 3rd, when it will give to exhibitions and a mile long street parade in Raleigh, which promises surprise after surprise for the throngs that line the curbs.

The youngsters can be expected to rise very early on circus day, for it seems that the unloading of a circus is one of the seven wonders of the world to them and the grown-ups can be expected to make their day's work shorter, with the excuse of "taking the kiddies to the circus."

And they will witness what is said to be the best exhibition ever seen in circusedom. Money has not been spared in presenting a program that offers famous European headliners and popular equestrian stars of this continent. The funny clowns will be there in force in laugh-provoking pantomimic stunts.

Trained animal features will be plentiful. Feats heretofore unseen will be offered and demonstrate wonderful power of man over the wild beasts. The menagerie has had many additions since last year and is declared to be one of the largest in the world.

For the convenience of the public a downtown ticket office will be opened during its stay here at Raleigh. The prices charged there will be the same as on the circus lot.

Fifty to one hundred hens on every farm will afford a cash income that is not to be despised. A. G. Oliver, poultry club specialist at Raleigh will tell you how.

#### Serves Him Right, Sez We

#### HIGH SCHOOL—WE PAY \$0.25 PER DAY

If you ever hear of a boy or girl who wants to quit school, when it is unnecessary; if you ever hear of parents who are thinking of putting their children to work, when it is unnecessary, just bring these figures to their attention:

Every day spent in school pays the child \$9.

Here is the proof, based on the wage scale of 1913:

Uneducated laborers earn on the average of \$500 per year for forty years, a total of \$20,000.

High school graduates earn on the average \$1,000 per year for forty years a total of \$40,000.

This education required twelve years of school of 180 days each, a total of 2,160 days in school.

If 2,160 days at school add 320,000 to the income for life, then each day at school adds \$9.26.

The child that stays out of school to earn less than \$9.00 a day is losing money—not making money.

These figures are based on an investigation made by Dr. A. Caswell Ellis of the University of Texas, at the request of the U. S. Bureau of Education.
