"No More Ruined Shirtwaists for Me,"
said Mrs. Southlee

"I've discovered a most wonderful water softener"

A group of young housewives were discussing washing materials. One said that her clothes had been fairly eaten to ribbons by patent washing fluids and chemicals.

"No more of that in my home," said Mrs. Southlee. "I've discovered a most wonderful water softener that does not harm the fabric. My maid says it makes the washing easier than anything she has ever used. She just dissolves a 1/4 teaspoonful of Red Seal Lye in each bucket of water. This softens the water, and makes the clothes snowy white. She uses less soap too."

"That's quite true," chimed in another. "I've always used Red Seal Lye as a water softener, but that's only one of its many uses. Red Seal Lye makes an excellent soap. I tell my cook to save all the waste grease. One can of Red Seal, when mixed with grease and water, makes enough soap to last several months for all laundry and scrubbing purposes. It's really quite fun to make. The directions are in the can."

There are many household uses and recipes for Red Seal Lye described in the Red Seal Booklet, which will be mailed you free. Send for it today.

Ask your dealer for the old reliable granulated Red Seal Lye. Get the genuine. Take no other.
