GUARDING THE EYESIGHT

ONE CHILD out of every four of school age has defective eyesight and must have help or fall behind in his classes.

PARENTS AND TEACHERS

If they desire that their children get the most out of the incoming school year, will do well to have their eyes looked after before the school opens.

DEFECTIVE EYESIGHT

causes more failures among school children than any other one thing.

ALMOST ALL HEADACHES

are caused by defective eyesight, and permanent relief can be had only by properly fitted glasses.
