Entered at the Post Office at Louisburg, N. C., as second class matter.

The suggestion that a limit be placed on the amount the state may borrow is a good thing.

A bill to require all vehicles using the public highways at night to carry lights has been introduced in the legislature.

Gov. Morrison has asked for \$2,000,000 to put into operation a steamboat line for the State.

Let it be hoped that Franklin County's representatives in the General Assembly will pass a bill putting Franklin county on a county unit basis in road work.

MR. ALLEN SUGGESTS SOME LAWS HE THINKS DESIRABLE

To the Editor: As every layman in the State has his pet theories of a Government, especially that of the State I shall take the liberty to air my views regarding to a few matters that concern every good citizen of North Carolina.

Now, if our coming Legislature will only pass a law to make it a capital offense to hold up a man and rob him, also whip all automobile thieves, pickpockets, and the like, and not make prison life too attractive, we shall soon see the Ku Klux Klan wither and die as a flower set in a desert.

FILING INCOME TAX RETURNS

The following must file returns before March 15, 1922:

Every person with net income of \$1,000, if single; Every person with net income of \$2,000, if married; Every person with a gross income of \$5,000; Every incorporated company, without exception; Every partnership, without any exception; Every employer must report all salaries of \$1,000, or more, and to whom paid.

Returns must be filed on time even if "No Tax" is due. File your return now and take no chances of a penalty. Address all returns to U. S. Collector Internal Revenue, Gilliam Grissom, Raleigh, North Carolina.

CONTINUES BIG RECEIPTS

Raleigh, Jan. 13.—Several hundred bales are being received daily by the North Carolina Cotton Growers' Cooperative Association, according to a report issued from the headquarters here today, but no more heavy receipts are expected by the Association.

ANNOUNCEMENT

Dr. Chas. Bremner wishes to announce that he will be in Louisburg at the Franklin Hotel every TUESDAY and FRIDAY afternoons from 2 to 5 P. M., for the practice of CHIROPRACTIC.

DR. CHAS. BREMNER HENDERSON, NORTH CAROLINA

The Association announces that it has practically completed making its second advance of \$25 a bale on all cotton delivered prior to December 1st. As soon as this work is finished the second advance on cotton delivered since that date will be taken up.

More than six million dollars has been paid out on the first advance of fifty dollars a bale while three million dollars has been paid on the second advance.

The Tar Heel cotton and tobacco co-operatives began the New Year by taking hands to prevent waste of effort in organization work in those sections where both commodities are grown.

Dr. B. W. Kilgore, director of the State Agricultural Extension Service, who participated in the conference as did the district agents, urged the importance of improved production along with improved marketing, and predicted that the organization of strong commodity locals would be the means of accomplishing great things for agriculture in this State.

Dr. J. Y. Joyner, veteran educator, now a director in the tobacco association, stressed the fact that both co-operatives are composed of growers and producers, and that this must not be lost sight of.

Importance of proper diet in cases of sickness. Preparing and administering the patient's food is an important part of the nurse's work. Recovery in many cases depends more upon proper food than upon medicine.

Three kinds of diets. Diets for the sick are classified as liquid, light, and convalescent. Liquid diet consists entirely of liquid food. In typhoid fever, and sometimes in other cases of severe illness, nothing but milk is given for a long time.

Convalescent diet includes all ordinary dishes except those particularly difficult of digestion. The change from one diet to another should be made gradually. Below are given examples of each of these three kinds of diet.

Liquid diet for one day
8 A. M. Hot milk, 3-4 c.
10 A. M. Chicken broth, 3-4 c.
12 A. M. Eggnog
2 P. M. Hot milk, 1-2 c.
4 P. M. Buttermilk, 1 glass.
6 P. M. Chickenbroth, 1-4 c.
8 P. M. Cocoa, 3-4 c.

Light diet for one day
Breakfast Poached egg on toast Coffee
Lunch Soft Custard
Dinner Broiled mutton chop Dry toast
A glass of milk (either kind)
Supper Milk toast Cocoa

Convalescent diet for one day
Breakfast Cereal with cream and sugar Minc'd chicken on toast
Dinner Whole-wheat muffins Coffee
Dinner Soup with rice
Broiled beefsteak Baked potatoes Peas Bread and butter Snow pudding Tea or Coffee Supper

CEDAR ROCK HIGH SCHOOL

News Of Interest To Teachers, Pupils and The Public Generally

By School Correspondent

After a very delightful vacation we are back again with an earnest desire and determination to make the present term the best of the school year and to make the year 1922 one of the most successful years of our life.

The Sunday school and B. Y. P. U. of the Cedar Rock Baptist church completed their organization for the year of 1922, last Sunday. Most of the old officials of each were re-elected and we hope that they may make a great success this year.

The basket ball team which up to the present time has been getting in condition for the Spring term will likely have a full schedule this week with probably two games on the home court and one at Justice.

The Sophomore class play "Unacquainted With Work" or "Married in Thirty Days" will be rendered the second time in the high school auditorium next Thursday night, Jan. 18, at 7:30.

This play was given night before the Christmas holidays, but on account of the weather and sickness in the community only a small crowd was present. This is a new play of unusual merit and is very popular not only with amateurs but professional players.

It is a comedy from beginning to end, but under this runs a current of drama, which holds the interest of the audience. Although this play was rendered before, under the great handicap of one character being absent and another substituted within three days, it was pronounced a hit by the small crowd present and there have been several requests that it be repeated. We hope to have some good music for the occasion and we also hope that the people of the community will cooperate with the school and give us a large crowd. Admission 25 and 35 cents.

Mrs. Bowen Tells How Rats Almost Burned Her House Down.
For two months I never went in our cellar, fearing a rat. One night in bed I smelled a rat. Sure enough the rat had been nibbling at the mattress. If I hadn't acted promptly my house would have been burned. Later we found the dead rat. RAT-SNAP killed it. It's great stuff. Three sizes 35c, 65c, \$1.25. Sold and guaranteed by Cash Grocery and Market.

Prevents Disease, Saves Soap, Labor and Time
Housewives who have trouble with their refrigerators clean therefore, last longer and work quicker than ordinary Lye. Just dissolve one tablespoonful of Red Seal Lye in a bucket of water. This solution will clean your refrigerator better than a big bar of soap; not only will it be shining clean, but it will be odorless and absolutely sanitary. Red Seal Lye means death to germs. Washing clothes in ordinary water is an extravagant waste of soap. The best way to save soap is to first soften the water with a little Red Seal Lye. Red Seal Lye is a high test base. It contains no filler or adulterations whatsoever and will, therefore, last longer and work quicker than ordinary Lye. Red Seal Lye will save you money in many other ways. It makes a splendid soap for kitchen laundry. Simply take one large can of Red Seal Lye and mix it with grease and water. No boiling or tiresome labor. One can will make twenty cakes of pure soap. The Red Seal Booklet describes many household uses, such as "How to prevent drain trouble," "Disagreeable cleaning made easy," "Soap making," etc. This valuable booklet will be mailed you free. Write for it today. Ask your dealer for the genuine Red Seal Lye. Take no other. P. C. TOMSON & CO., Southwark P. O., Philadelphia, Pa.
