

CAUSE AND EFFECT

Serving You the Way You Want to Be Served

This Bank does not measure its service in terms of profit—and profit alone.

Profit is secondary when we can, through careful, individual service, help a patron to greater success.

The secret of our growth lies in the fact that we have not tried to please our customers. There is no chill formality here, but friendliness, courtesy and an obliging spirit.

We do not believe in red tape. However, we do believe, in taking a warm, friendly interest in our customers' affairs and trying in every possible way to serve them in the way they want to be served.

Will you let us serve YOU?

Never before has the demand been so great.

If you will want a Fordson Tractor early—here is one product you cannot wait for—when the weather opens up you will need it.

You will want it for plowing, seeding, cultivating—and all your other work. Already it has proved the greatest help to profitable farming that has ever been offered to you. And at \$3.95 f. o. b. Detroit, the price is so low that you lose money every day you are without a Fordson. To get delivery you must order early.

There are no reserve stocks among our dealers—our production capacity, great as it is, will not enable us to build us a reserve.
