NEW MEMBER BOARD OF EDUCATION

The following is copied from a communication received by the Editor this week and is published with sincere appreciation:

In the passing of Capt. A. W. Perry Franklin County has lost a splendid citizen. The County Board of Education has lost not only its Chairman but one of its strongest forces and the school children of the County have lost a friend who at all times has stood for their best interests.

CEDAR ROCK HIGH SCHOOL

News Of Interest To Teachers, Pupils and The Public Generally

By School Correspondent

We are very glad to have Thurston Murphy back in high school with us after an absence of several weeks on account of illness.

The high school started this week with only two absentees and we have determined to do our very best work from now until commencement. We are going to practice the old motto: "Work while you work and play while you play."

We are also trying to live up to our slogan which is, "Growing pupils in a growing school, Growing teachers in a growing school."

The Youngsville High School will present a play "Home Ties" in the high school auditorium at Cedar Rock on Friday night the 16th. They promise the audience an evening of fun and enjoyment.

Mr. Wayland Sledge of Wake Forest College spent last week-end with his parents, Mr. and Mrs. T. H. Sledge.

Mr. Garland Inscow, also of Wake Forest College was at home last week-end.

Miss Eula Dean is spending this week with her sister, Mrs. Vick, in Nashville.

Miss Beulah B. Stallings spent the entire week-end with friends in Youngsville.

Mrs. Curry, of Louisburg spent last Sunday in the home of Mr. and Mrs. J. O. May.

Miss Oma Bliss Lewis spent the week-end with her sister and friends at Louisburg College. On her return she was accompanied by Mr. W. D. Jackson, assistant cashier of the Farmers and Merchants Bank and Miss Padwick, teacher of expression at the college.

We are sorry to report that Mr. J. H. Smith's baby is seriously ill with pneumonia.

Mr. W. R. Wallace filled his regular appointments here on Saturday afternoon and Sunday morning. His sermon Sunday on "Not being content with past achievements but pressing forward, onward and upward in Christian service" was enjoyed very much.

The only basketball game played by the locals last week was with the Cassalia community team composed of former high school stars. The local team was made up largely of high school players, two community players playing part of the game. The game was played Saturday night and was won by the locals by a score of 20 to 12. We now have an indoor court and most of our home games will be played at night for the remainder of the season. The court is at the stadium near the level of the station.

the people of the community. Next Thursday night Feb. 23, the faculty of C. R. H. S. will present their play entitled "A Royal Cinch". This is a comedy in three acts and plays about one hour. Immediately after the play there will be a box party, a pretty girl contest and perhaps some other forms of entertainment.

We are very sorry that our news notes were too late to get to press last week, on account of the fact that our mail carrier was kept at home by the bad weather.

Lavoisier Chemical Society COAL AND COAL MINES

(By Mattie Glasgow) Coal is a carbonaceous mineral of a black, shiny or dull color and used extensively for fuel. It is composed of about 75 per cent of carbon and contains hydrogen, oxygen and a small per cent of nitrogen and small quantities of earthy impurities.

The method of mining differs with the thickness of veins, the class of coal and the character of roof or rocky formation covering the deposits. In many localities the vein crops out at the hill sides and the coal may be easily secured.

Coal was not known to the early ancients. It appears to have been used in 852 A. D. in England, but was not known to the Britons before the Roman invasion. For a long time it
