

ANNOUNCEMENT

Dr. Chas. Bremner wishes to announce that he will be in Louisburg at the Franklin Hotel every TUESDAY and FRIDAY afternoons from 2 to 5 P. M., for the practice of CHIROPRACTIC. If you have tried everything else without results take Chiropractic and get well.

DR. CHAS. BREMNER
HENDERSON, NORTH CAROLINA

Good Farms For Sale

I have several good farms in fine state of cultivation with good building and outhouses in good communities for sale cheap. See

S. A. Newell
Louisburg, N. C.

THAT MORNING LAMENESS

If you are lame every morning, and suffer urinary ills, these must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Louisburg testimony.

W. B. Cook, prop. of general store, Court House Square, Louisburg, says: "My back was hurting me some and mornings a dull ache settled across the small of my back and I felt tired. My kidneys acted too freely during the night and had me up several times, so I lost my rest. I didn't allow this to go on very far, as I purchased a box of Doan's Kidney Pills at Pleasants' Drug Store, and they soon relieved me of the trouble. I have used Doan's on different occasions and always with the same good relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cook had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

WHAT IS CALCIUM ARSENATE?

Sherman Explains Boll Weevil Poison

Raleigh, N. C. Feb. 23. "Calcium arsenate is a light, fluffy, poisonous white dust. It is applied pure, not mixed or diluted with any other material. When applied with proper machines in the still night air, it forms a dust cloud which hovers and slowly settles, the fine particles penetrating even between the braces of the squares. Because of the limited feeding of boll weevils a very thorough and penetrating lodgement of the poison is needed, and that is why calcium arsenate is far superior to other poison dusts which are heavier, and also superior to any liquid application," says Franklin Sherman in answering many inquiries about this boll weevil poison. Mr. Sherman states that calcium arsenate was very little used until its effectiveness against boll weevil was demonstrated. The material was made from white arsenic, and the total amount of this has always been far too small to provide enough calcium arsenate to dust all the cotton fields of the south. There is therefore a genuine (not artificial) shortage of the material, and all careful students of the situation know this.

Mr. Sherman says that all the cotton farmers have never tried to use calcium arsenate. Probably not 10 per cent of them will attempt it in 1923, and many who do will delay until summer to place their orders or even make inquiries. There was a similar shortage a year ago, but so far as it is known every North Carolina farmer who followed his advice and ordered early (by or before the end of April) did get all that he ordered.

Mr. Sherman has already pointed out the actual, profitable results of the dust poison method in North Carolina in 1922 and the areas in the State where it is to be expected that dusting will pay (and be most necessary) in 1923. It is now up to the cotton farmer.

THURSDAY EVENING BOOK CLUB MEETS

The members of the Thursday Evening Book Club were delightfully entertained by Miss Lonie Meadows at her home on the 8th. After the meeting was called to order a most interesting program followed.

The Opera studied was "Martha" and Miss Jessie Taylor Harris gave a very interesting story of it. A paper on the life of Flotow, the author was read by Miss Maud Ashley. The Last Rose of Summer, a violin solo by Elmer was played on the victrola. Miss Catherine Padwick in her usual charming manner read two selections which were enjoyed by all present.

Miss Meadows served a most delicious chicken salad course followed by sweet course. Her invited guests were Misses Catherine Padwick, Burdette Joyner, Mesdames D. F. McKinnon and James B. King.

It's the wonderful flavor in the biscuit that makes WILLIAM TELL Flour so popular.

J. S. HOWELL.

No Worms in a healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance.

GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
