To School Committeemen

The following letter has been issued to the several School Committeemen of Franklin County by Supt. E. L. Best:

Dear Committeemen:-

You will find below a copy of a section of new school legislation that was passed by our last General Assembly. In order to conform with the requirements of this section the Board of Education in regular session, Monday March 5th instructed me to give notice that on Monday, April 16th at 11 o'clock in Louisburg there will be a joint meeting of the Board of Education and the various school committeemen and trustees of the county. At this meeting the county-wide plan of organization of the schools will be discussed.

You are urgently requested to be present as the Board of Education is anxious to secure your advice, suggestions and recommendations before adopting a permanent county-wide plan of organization of the schools.

No election will be called or any change made in any district until after the above date.

Looking forward to seeing you on the 16th of April.

Cordially yours,
E. L. BEST, Superintendent.

"Section 73-a. County-Wide plan of Organization: The county board of education shall create no new district nor shall it divide or abolish a district, nor shall it consolidate districts or parts of districts, except in accordance with a county-wide plan of organization as follows:

1. The county board of education shall present a diagram or map of the county showing the present location of each district, the position of each, the location of roads, streams and other natural barriers, the number of children in each district, the size and condition of each school building in each district. The county board of education shall then prepare a county-wide plan for the organization of all the schools of the county. This plan shall indicate the proposed changes to be made and how districts or parts of districts are proposed to be consolidated so as to work out a more advantageous school system for the entire county.
2. Before adopting the county-wide plan, the county board of education shall call a meeting of all the school committeemen and the boards of trustees and lay the proposed plan before them for their advice and suggestions. After receiving the advice of the committeemen and trustees, the county board of education shall have authority to adopt a county-wide plan of organization, and no districts or parts of any district, including non-local tax, local tax, and special charter districts, hereafter referred to in this article, shall be consolidated, or the boundary lines changed, unless the consolidation or the change of boundary lines is in accordance with the adopted county-wide plan of organization: Provided, that in the event the county board of education deems it wise to modify or change the adopted plan, the board shall notify the committeemen and interested patrons and give them a hearing if they desire to be heard before any changes shall be made.
3. The county board of education shall have authority to execute the entire plan or any part of the same, but the county board of education shall have no authority to create a debt for the execution of any part of the proposed plan, unless authorized by law, and if the amount necessary to put into operation all or any part of said plan shall be greater than the amount that may be reasonably expected from the Operation and Equipment Fund for this purpose, the amount shall be guaranteed by the districts affected by the execution of the plan, or if the districts do not guarantee the funds the county board of education shall lay the proposed plan before the county commissioners, together with the estimated amount necessary to put the same into operation, and if the amount necessary to carry out all or any part of the proposed plan shall be approved by the county commissioners, the county board of education shall then have the authority to organize the districts in accordance with the county-wide plan.
4. When the proposed county-wide plan is adopted the county board shall notify the committeemen and boards of trustees as to what part of the plan the board proposes to carry out first and in what order the other parts of the plan will be considered, and the preference shall be given to those districts in which the needs are greatest if the funds for providing the equipment are made available.
5. In the event that any child or children of any district or any part of a district are without adequate school advantage, and these advantages may be improved by transferring said child or children to a school or schools in adjoining districts, the county board shall have authority to make such a transfer. But this shall not empower the county board of education to abolish or divide a district unless such act shall be in harmony with the county-wide plan of organization. The temporary transfer of such child or children may be made until such time as the county-wide plan will provide more advantageously for them.

Buster Wants a Mother!

Dear Mr. Editor:—I am a little baby boy two months old and they call me "Buster". A kind providence sent me to the Children's Home Society and I am growing every day and will soon be a big, bouncing boy.

I want some good woman to write to the superintendent of the Children's Home Society of North Carolina, Greensboro, N. C., and ask him to give me to her. I am sure he will do so, as he has so many motherless babies and more want to come to the Home. Write him today and I will bring joy and happiness to some childless home.

With love,
A Homeless Baby Boy.
