Entered at the Post Office at Louisburg, N. C., as second class matter.

The name of Mr. T. W. Ruffin has been suggested as a possible candidate for Mayor.

The State Highway Commission is doing some very much needed work on the road to Franklinton.

Unless there is more opposition than is in sight at present the primary Tuesday will be a one-sided affair.

It is a pity the Town can't build the sidewalk on the West side of Main street from the bridge to Perry street.

The action of the Board of County Commissioners in replacing the old wood fence around the jail with a nice wire fence is commendable.

The fact that there were no cases on docket for the Recorder's Court Monday looks as if the law breakers are fighting shy of Judge Beam.

Information reached Louisburg yesterday morning was to the effect that the storm Wednesday evening wrecked over a hundred houses in Wendell and did other damage.

The present officials of the town have done well with the tasks they have had. However if there are those who think new officials should be elected they will have an opportunity of doing so on Tuesday.

It has been suggested that either of the following gentlemen would make most excellent city officials: Dr. H. G. Perry, A. W. Person, W. E. White, F. A. Roth, J. C. Tucker, F. J. Beasley, L. Kline, J. S. Howell, Q. S. Leonard.

The people of Louisburg Graded School District are delighted to know that the Board of Trustees let the contract for a new school building on Thursday evening of last week and that work has already begun on the new structure.

DISTRICT STATE TEACHERS' ASSN.

State Sub-Divided Into Six Districts and Places of District Meetings Course of Study In School Finance Mapped Out For Teachers; School Meeting Plans

Committees of the North Carolina Education Association, meeting in the office of President Elizabeth Kelly on Saturday, districted the State for the six sectional or district meetings which will be held next fall, worked out to study the educational investments in North Carolina and getting these facts to the public, and decided to postpone the establishment of a magazine until the constitution of the Association has been amended, and in the meantime to confer with owners of North Carolina Education on the proposition of getting additional space in that magazine for the Association and getting the prices of subscription scaled down for members of the Association.

In suggesting six districts for the sectional meetings the Committee, composed of Miss Betty Aiken Land, of Greensboro, Chairman, Superintendent H. P. Harding of Charlotte, Superintendent E. L. Best of Franklin County, Miss Edith F. Gilbert of Zebulon and Forest T. Selby of the Durham city schools, endeavored to put counties in the district which would be most convenient to probable meeting places. Any county may change districts if it finds the meetings more convenient for its teachers.

The Western district, with Asheville as the probable first meeting place, is composed of Cherokee, Jackson, Graham, Clay, Transylvania, Haywood, Swain, Henderson, Macon, Buncombe, Madison, Polk, McDowell, Yancey, Mitchell, Avery and Burke counties.

The North Western district, with Winston-Salem or Greensboro as the probable places of the first meeting is composed of Ashe, Watauga, Alleghany, Wilkes, Surry, Yadkin, Davie, Davidson, Forsyth, Stokes, Rockingham, Guilford, Alamance and Randolph counties.

The South Piedmont district, with Charlotte as the probable meeting place this year is composed of Rutherford, Cleveland, Gaston, Lincoln, Catawba, Caldwell, Union, Cabarrus, Rowan, Stanly, Anson, Richmond and Montgomery counties.

The Central district, with Raleigh as the probable meeting place this year,

is composed of Caswell, Person, Granville, Orange, Durham, Chatham, Lee, Hargett, Wake, Johnston, Franklin, Vance, Wayne, Nash, Warren, Halifax, Northampton and Moore counties. The Northeastern district, with Washington as the probable meeting place this year, is composed of Hertford, Gates, Pasquotank, Camden, Bertie, Perquimans, Chowan, Currituck, Martin, Edgecombe, Wilson, Pitt, Greene, Lenoir, Carteret, Craven, Pamlico, Beaufort, Hyde, Tyrrell, Dare and Washington counties.

The Southeastern district, with Wilmington as the suggested meeting place this year, is composed of Scotland, Hoke, Cumberland, Sampson, Duplin, Jones, Robeson, Bladen, Pender, Onslow, Columbus, Brunswick and New Hanover.

Programs For Locals. In the tentative programs for the local units the State Education Association will first of all try to provide meetings for every local which will help give the teacher information about the school system in the State, and through the teachers, to get the information to the public. These suggested programs will be built around the general theme "Dividends on our Educational Investment."

The program for the first meeting will be devoted to "What Have We Invested" and this will be discussed or presented under the headings "The States Part," "The County's Part," and "The Community's Part."

The second meeting of the locals will center around the study of what returns are coming from this investment in increased enrollment, increased illiteracy, standings shown by tests and measurements and other things in which the measure of an educational investment is shown.

The third general meeting will be devoted to a further study of whether or not these dividends or returns are commensurate with the investment and how they may be bettered.

At all of these meetings there will be discussions or ways and means of presenting the findings or results of these study's to the public in order that those who pay the bills may be informed of what their school system is doing with the money invested.

From these general ideas the committee will work out the details of these studies to be conducted by the Education Association during the coming year.

In addition to the program of work for the locals, or the teachers, the committee, also adopted the general idea that the Education Association should take over and help develop the observance of certain days during the school year. The programs for these days, or for the public meetings that may be held in the school room Friday afternoon or some evening, will be worked out by the Association in co-operation with various state organizations, and furnished every local unit in the State.—News and Observer.

BOSTON WOMAN RECOMMENDING IT TO HER FRIENDS

Popular Boston Lady Says Prunitone Has Proven A Godsend to Her

It is always interesting to listen to the statements of our friends, and especially when you know they are sincere and honest in what they say. Added interest is created in a statement coming from one, who has spent a lifetime in Boston, where she is well known socially.

Such a person is Annie Stewart, who resides in Boston and is possessed of the respect and confidence of her associates, and is willing for anyone to call on her to verify the following signed testimonial.

"I have suffered with stomach trouble for the past seven years. It took the form of indigestion and dyspepsia. I had dizzy spells and headaches, and after I ate a little food it would ferment and cause gas to form in my stomach. I had pains all over my body and was chronically constipated. My liver was torpid and I felt miserable. I had doctored and had been in the hospital, but received no permanent relief. I was so nervous and restless that at night I could scarcely sleep. The gas, pressing under my heart, caused palpitation, and when I arose in the morning I was just as tired as when I retired. About two weeks ago I began to take Prunitone, and I can truthfully state that it has done wonders in my case. I am feeling like a new woman, and can eat any kind of food. I sleep the night through and have no more aches or pains; in fact, it has cured me, and I am recommending it to all my friends, as it has been a Godsend to me."

L. E. Scoggin seal and guarantee Prunitone.

There are numerous symptoms of this trouble that Prunitone can relieve. In fact, any of the following may denote affections of the stomach: Indigestion, dyspepsia, belching of wind, bad breath, sick-throbbing headache, poor circulation, night sweats, that tired feeling, costiveness, coated tongue or a poor complexion.

Caution: As Prunitone is recommended as a flesh builder, those not wishing to increase their weight 15 pounds or more, should not take it continuously.
