

### The General Does Some Shooting

That's it—smile—that's it." So General Pershing ordered his valorous nurses whom he decorated with the Distinguished Service Medal for valor in the World War. The nurses, left to right, are Carrie L. Lieutenant, Army Nurse Corps; Nena Eshelton, first lieutenant, and Catherine G. Sinnott, second lieutenant.

### South Paw Crack Shot

Park police of Essex County, N. J., who seldom fire a shot, are the most expert marksmen of all Jersey police. The best shot of their outfit is Charles Mergner—and he's left-handed. Above he is shooting in a contest in which he won a gold watch, making 668 of a possible 800 in slow and rapid fire.

While admitting that some mistakes have been made, Dr. Poe says it would be as foolish to give up cooperative marketing as it would be to refuse to correct mistakes after they have been made. He affirms his belief that cooperative marketing is the inevitable system of selling farm crops.

In line with Dr. Poe's ideas as expressed in a two page review of the Co-operative selling situation in his paper are those of Roger Babson, world renowned expert on business conditions and economics, who give co-operative marketing as one of the major reasons for the coming development of the South, "watch the South Grow" Babson says.

One of the chief by-products of the cooperation, Babson says "should be to raise the general fever of intelligence and energy among the growers." What the South needs is greater efficiency, he thinks, and greater efficiency is coming through cooperative marketing.

Pilot School closed on Wednesday, April 11th on account of smallpox in the community. There was only one case but a good many of the ladies of the community were exposed to it before the smallpox notice was put on the house. There was only six more school days left and the committee deemed it was wise to take precautions against further spread of the disease.

The building, which has hung on longer than expected, was given away last Friday night, April 6th. Mr. B. E. ... at Wakefield was the purchaser of the lucky number as drawn from a hat. ### Co-Operative Marketing A Success

Raleigh, April 10—"It's no use to try again a success" says Dr. Clarence Poe, editor of the Progressive Farmer, quoting Josh Billings, and with this as his text he cites facts and figures to show that co-operative marketing has vindicated itself in the South.

The Raleigh editor published, who was recently made director for the public from North Carolina in the Tobacco Growers Co-operative Association, says that with 25 to 30 cent cotton and tobacco hardly anybody doubts that prices of both cotton and tobacco have been greatly bettered as a result of the gradual and orderly marketing growing out of co-operative marketing.
