Total points out of 58: Franklinton 19; Louisburg 20; Flat Rock 9; Seven Paths 5; Justice 5.

The outstanding features of these events were the individual work of Frazier for Flat Rock. The young fellow scored all the points for his school single handed. Little Bailey for Louisburg was high point winner in this meet although two fourth places are not recorded for him. Nash of Franklinton came along with young Frazier. The Franklinton relay team in this event was the prettiest of the entire day. All the youngsters showing sprinting ability.

Girls Events
50 yd dash—won by R. Wood, Seven Paths; second Winston, Franklinton; third Peoples, Louisburg.

The running events between the girls were hotly contested by all the schools. The relay team from Franklinton illustrated its superiority but an unfortunate and unintentional interference caused that event to be called a tie. Without a doubt the running team from Franklinton was the best organized on the field. Louisburg fell down in the running events but was always strong in the jumping which pulled their averages up.

The total score for all events: Louisburg (1) 53; Franklinton (2) 49; Flat Rock (3) 41; Seven Paths (3) 15; Cedar Rock (5) 10; Justice (6) 9; Bunn (no entries except boys over 12) (7) 8.

The committee takes this opportunity to express its appreciation to those who so heartily and faithfully aided in carrying out the program of the day. The success of the Athletic event was due to the cooperation of Messrs. Berkley, Simpson and Fleming.

Much credit is due Prof. E. C. Sexton, of the Justice High School, for the arrangement of one of the finest parades ever held in Louisburg.

Quite a number of floats all of which were especially pretty, added much to the long line and the grandeur of the occasion.

The following prizes were won:
The best exhibit from a one or two teacher school, \$10.00, Farmers and Merchants Bank of Louisburg—Wilder School.

The best exhibit from a three or four teacher school, \$10.00, Citizens National Bank of Louisburg—Mapleville.

The best exhibit from a five or more teacher school, \$10.00, Citizens Bank of Franklinton—Pearce.

The best looking float, \$10.00—Justice.

The best looking school in line—Wood.

The folks had a community day at the Middlesex school in Nash county recently when the men pulled off their coats and plowed, dug and hauled all day while the children cleaned up the grounds. The Home Agent and Landscape Specialist of the State College and State Department of Agriculture made plans for improving the grounds. Seven other schools were also helped in the same way.

Firestone

will not increase prices
until May 1st

Firestone Prices on Fabric and Cord Passenger
Car Tires and Tubes, also Solid and Pneumatic
Truck Tires Will Advance May 1st

The postponement of this price revision is possible only because of our realization of the price danger in the British Crude Rubber Restriction Act which became effective November 1, 1923. We were fortunate in our rubber purchases before the Restriction Act increased the price of crude rubber 150%.

We have always endeavored to champion the cause of better made tires delivered at lowest cost to the tire user by economic manufacturing and distribution. And we are glad of the opportunity to give the car-owner the additional saving at this time.

Firestone Cords embody certain special processes which result in their producing

mileage records, heretofore unheard-of in the industry. Among the more important of these superior methods are blending, tempering, air-bag cure and double gum-dipping.

Firestone Dealers are co-operating with us in our movement to supply your needs at present prices as long as their stock lasts and we have advised our dealers that we will supply them with additional tires this month only so far as our output will permit.

See the nearest Firestone Dealer. Purchase a set of these Gum-Dipped Cords. Prove for yourself their remarkable mileage advantages and easy riding qualities.

Says France Is Willing To Reduce German Debt

London, April 22.—A dispatch to The Times from Paris says it has been learned, on what the correspondent believes to be excellent authority, that France is willing now to agree to a reduction in Germany's debt to some-

where between 40 billion and 50 billion gold marks, provided in the settlement of the inter-allied debt all of France's indebtedness is extinguished. Otherwise, it is asserted, France is disposed to hold out for her original figure of 132,000,000,000 gold marks.

France believes, according to the correspondent, that the greatest hin-

drance to such a settlement arises from American sentiment, and seems to think that this plan may induce Great Britain and the United States to consent to some arrangement.
