Probably more millionaires and leaders of high society witnessed the first day's racing at Belmont Park, N. Y., than were ever present at a racetrack in the United States. And what a thrill Grey Lag, with Jouey made up, gave them in the Metropolitan! Carrying 133 pounds, he was lengths ahead of a field of the best handicap horses in the country at the end of the mile. Cathleen Vanderbilt and her fiance, Harry O. Oosting, 3rd (left), were snapped as they watched the race. August Belmont, principal owner of the track, is shown with Mrs. Francis Blake, society leader.

**State Fair Oct. 15-19.**

Raleigh, N. C. May 23. The date of the sixty second North Carolina State Fair are October 15-19, 1923. Plans are well under way to make this year's exhibition superior to any previously held.

The Executive Committee has decided to conduct the fair along the same general lines as last year, eliminating all concessions, excepting novelties, and stressing the educational and entertainment features.

Amusements will always be a part of any successful fair. However, education is the primary feature of a fair, the great spirit back of it, the force which is making our exhibitions all over the land greater every year. With these interests in mind the midway attractions, free acts, and fire works have been carefully selected.

One hundred and thirty nine horses from twenty two states and Canada have entered in the four closing stake events, the purses for which are \$1,000 each. This is an average of thirty five horses to a race. There will be six open class races announced later, which in addition to the stakes should attract the best horses in the country. The 1923 premium list is now being revised. The classification for prizes

will be practically the same as last year, having been arranged so that all products of the home and the farm may be shown. There will be something applicable to every member of the family. Mr. Geo. F. Foley, Philadelphia, Pa., who has successfully managed the Pinchurst Dog Show for the past years as well as some of the largest dog shows in the United States, has entered into a contract with the management to put on a licensed show at the State Fair, under the rules of the American Kennel Club. This should insure the best show of pure bred dogs ever held in North Carolina.

The boy taking agriculture at his high school makes 52 bushels of corn per acre where his dad makes 17.7 bushels; he makes 512 pounds of cotton where his Dad makes 278 pounds; he makes 514.8 pounds of tobacco where his Dad makes 310.4, and he makes 173 bushels of sweet potatoes where his Dad makes 106.6, according to findings of Dear C. B. Williams of the North Carolina State College. Frisco wants both party conventions in 1924, showing Frisco is not afraid of earthquakes. Chola women, of South America, wear 20 petticoats, showing them 20 petticoats behind civilization.

Farm grown feeds are usually cheaper than purchased feeds because all feeds must be grown on some farm. In buying feeds you pay the other fellow, and sometimes the middle man a profit for handling them. Prosperity has hit Spain. Things are so nice very few men are mad enough to fight a bull. Paderewski, the pianist, made \$460,000 this season, and all the man did was play around. Anywhere in where many would like to be instead of where we are. Being a millionaire is a fine job, but it takes a lot of money.
