Make Them Work

Who would suffer most if the I. W. W. radicals had been successful in demoralizing operating industry on May 1?
 The working communities, where the industries are located.

A man who listens to the talk of an I. W. W. is on a par with the man who looks down the muzzle of a loaded gun while fooling with the trigger. What can the I. W. W. give the American workmen but demoralized government and unemployment. Why don't the I. W. W. go to Russia? Because the workmen there are starving to death under the policies which they advocate here and an I. W. W. could not fill his stomach there off the labor of others he might have to work and starve. The I. W. W. agitators have just been turned down hard, but they will not profit by the lesson. They should be rounded up and sentenced to work.
