Rose-Turner

A wedding of unusual interest throughout the State, and distinguished for its beauty and simplicity, was solemnized at the Methodist Church at six o'clock in the afternoon on June 23rd, when Miss Mary Burt Turner became the bride of Mr. Frank Rogers Rose, of Henderson.

Prior to the entrance of the bridal party, Miss Ruth Hall very sweetly sang D'Hardelot's "Because" and Sanderson's "Ugali," accompanied by Miss Sallie Thomas Williams at the organ.

The bride entered with her maid of honor, her sister Miss Margaret Turner, and was met at the altar by the groom with his best man, his brother, Mr. James Rose, of Henderson.

The maid of honor wore Nile green chiffon taffeta with Nile green picture hat, and carried a bouquet of pink Columbia roses and blue Delphinium.

The bride was unusually beautiful in an exquisite creation of orchid chiffon and gold lace, hat of the same materials, and gold hose and shoes. She carried a shower bouquet of bride's roses and valley lilies.

Mr. Hill Approves Road By Creedmoore

Raleigh, N. C. June 18.—Without any preliminary to the regular meeting of the state highway commission for the purpose of taking up new work, Durham County is counted to furnish quite the liveliest scrap brought here since the commission became a creature.

The Durham battle is supposed to be Commissioner John Sprunt Hill on one side and Colonel B. Cameron, the daddy of good roads the world over, on the other. Mr. Hill comes to the capital with considerable glory. He just a few days ago sent a double first cousin to the state prison and climaxed this use of power with a flat sit down on Colonel Cameron.

The two manifestations would not mean so much if the downing of Colonel Cameron did not carry with it a flight in the highway commission. The major body is supposed to be against Mr. Hill, who is opposed to Colonel Cameron on the proposal to run the Durham-Oxford road by Stagville, the country domicile of Colonel Cameron as the country newspapers call it. Colonel Cameron when he isn't living everywhere in the good roads cause, which is all the time, has a handsome house in Raleigh and one on a great farm in Durham. It is an incident purely that the Durham-Oxford road goes by his plantation. Engineers are quoted as favoring that route both because of the cost and directness with which the road runs. But there is an element of embarrassment in it. Opposition to that course raises the question, Isn't this a "political" road? Some folks say it is and others that it isn't. The Durham friends of Colonel Cameron resent very bitterly the suggestion.

Rebel Against Beating Cameron They rebel, too at the thought that a man who has given more of a life to good roads than any person in America stands to losing a local contest. But Commissioner Hill has ruled against his county man and the commission which is to hear delegations is believed to be with Colonel Cameron. This project promises the greatest entertainment that any highway row has produced and the natives here wait impatiently for the great meeting.—Greensboro News.

CO-OPS HOLD MEETING

RE-ELECTS ALL OLD COUNTY OFFICERS

Pass Ringing Resolution—Large Number Present—Mr. L. V. Morrill, Jr., Present.

The regular monthly county meeting of the members of the Co-operative Association was called to order in the Court House on Saturday morning at 11 o'clock by Chairman J. A. Mitchner, who explained that the regular election of officers, that should have been held on the previous meeting but was overlooked would be held at this meeting as the first business.

Director C. P. Harris, of the Tobacco Growers Association, moved that the rules be suspended and that the re-election of all the old officers be made by acclamation. The motion was promptly seconded and carried unanimously.

Mr. J. H. Best offered the following resolution:

"We, farmers of Franklin County, members of the Tobacco Growers Association (Co-operative), being assembled at Louisburg, Franklin County, for our regular monthly meeting; do wish to go on record as supporting our Association to the very fullest in its efforts to enforce each and every term of the contract signed by our members. We have in mind at this time especially, that part of the contract which holds each landlord member for all the tobacco produced on his land.

Further, we wish to thank our Director and officials for so frankly stating their position in this matter, and for all the other many great things they have accomplished for us. And we feel that the Association has acted wisely in not borrowing money to make additional payments up to this time and we realize that if our tobacco is sold in an orderly manner we will have to wait a reasonable time for a full settlement.

A copy to be sent to our Association's Secretary at Raleigh. This resolution brought on right much discussion. The main question being the difference of opinion on the legal side of the contract and centered around the landlord having to deliver the crop of the tenant that is not a member. The directors and the Association's Counsel holds that the contract calls for this, and this opinion was transmitted by Mr. L. V. Morrill, Jr. But some members took the other view. A vote showed the defeat of the resolution by four votes.

At this point Mr. E. H. Malone, arose and declaring that every member present was fully cooperative and wanted to live up to and have the contract enforced to the letter in every case re-introduced the above resolution with the wording "We have in mind at this time especially, that part of the contract which holds each landlord member for all the tobacco produced on his land" stricken from the first paragraph. The resolution in this form, which is stronger if possible, than the first, was passed unanimously.

Chairman Mitchner made a short but interesting address in regard to the Cotton Association.

Director C. P. Harris made an interesting talk. This completing the business of the meeting adjournment was taken to the next regular meeting.

RESULT OF SCHOOL ELECTIONS

Of the four school elections held on Saturday two carried and two failed to carry. Franklin District carried the special tax by a vote of more than four to one according to information received here. Youngsville District carried the special tax election by a majority of 26, insuring the people of that district a good high school in the future. Harris District and the Sandy Creek-Gold Mine District defeated the special tax in the election with overwhelming majorities. The reason for the defeat in each, so we learn, is attributed to the selection of the location of the school building.

Welfare Board To Meet

We are requested to state that the Board of Public Welfare of Franklin County will meet in Louisburg at the office of Supt. E. C. Perry on Friday night, June 29th, at 8 o'clock. A full meeting is expected.

Mr. Underwood comes highly recommended as an experienced athlete, which, with the gymnasium, much interest will be made in the new school.

CLINIC A SUCCESS

One Hundred and Ninety-Five Children Operated Upon For Tonsils and Adenoids.

The Tonsil and Adenoid Clinic held in Louisburg at Louisburg College last week and the week before under the State Board of Health and supervised by Dr. Fassett and Miss Birdie Dunn, was a great success. One hundred and ninety-five children were operated upon for tonsils and adenoids representing the maximum number for each day except one. Nothing but the highest praise has been heard of the manner in which these operations were performed and the uniform courtesy and feelings with which each patient and their parents received.

Representing as it does the removal of the greatest drawbacks to the physical and mental development of the children known to medical science its results in Franklin will no doubt represent a great saving in the cause of education and a great blessing from the standpoint of health.

TOBACCO GROWERS GUARD 1923 CROP

BIG PLANTER IN COURT

Eastern Belt Co-ops Hold Meetings—S. C. Members to Improve Grading

The Tobacco Growers Cooperative Association hit hard and high in its first legal action to protect the tobacco of the 1923 crop which is pledged to the association by contract when it gained a temporary restraining order against F. A. Elks, of Pitt County, last week. Elks who is called the largest tobacco grower in North Carolina's largest tobacco growing county is required to appear in court this week to show cause why he should not be restrained from delivering his tobacco outside of the association of which he is a member.

Elks is also being sued in the amount of \$6,000 for liquidated damages for alleged deliveries of 120,000 pounds of tobacco outside of the association. The restraining order which calls him to appear before Judge Cranmer, of the Wake County Superior Court, on June 29, is due to alleged threats to deliver his 1923 crop outside the association. R. M. Elks a kinsman is also required to appear in court the same day for similar reasons.

Growing enthusiasm among the organized tobacco farmers of Eastern Carolina was evidenced by a series of rousing meetings last week among the farmers of Pitt, Johnston and Beaufort counties. In Pitt county members of the association endorsed their directors and denounced the methods of propaganda and intimidation by which those opposing cooperative marketing are reported as endeavoring to cause still further contract breaking in the Eastern Belt. Tobacco farmers from thirty Johnston County locals who held a meeting at Smithfield, expressed their resentment over the reported attempts of outsiders to break down morale of weak kneed members, in a strong resolution which commended the merchants of Johnston County who have aided the farmers in their efforts to establish better methods of marketing.

Congressman H. S. Ward addressed hundreds of co-op farmers at a great barbecue of members of the cotton and tobacco associations near Washington last week when they met for an all day celebration of the success of their associations.

The tobacco cooperative will begin its second important step in commoditized marketing in South Carolina early in July with visits by an expert corps of graders to 150 local units of the association in the Palmetto State, where demonstrations of sorting and bundling tobacco and uniform grading will be given to thousands of growers. W. J. Lea, field service representative of the association in South Carolina, and C. O. Dixon, its manager of warehouses for that state announce that these meetings will be open to members and non-members alike. They estimate that the visits of the association's most successful graders to every county of the South Carolina Belt will increase the value of the crop in that section by many thousands of dollars.

"HONOR TO WHOM HONOR IS DUE"

When the young people of our town go out into other fields, and make for themselves records worthy of praise, it is but right that it should be known and appreciated.

The friends of Miss Elizabeth Morton will be glad to learn of the honors she won, in scholarship and deportment, in this, her first year at Coker College, S. C.

As the author of an acceptable short story, and also a paper, showing much thoroughness in research work, she was admitted to membership in the Writer's Club. This was followed by her promotion to the Vice Presidency of the Club, and this, by a position on the Editorial Staff of one of the College magazines. She was also Secretary to the Y. W. C. A. The development of a theme on the English Drama, won her election to membership in the Drama Circle, and during commencement, she was awarded the Chambers Palm, a beautiful gold pin, in the shape of a Palm and given for the highest attainment in English.

Such success is almost unparalleled, and bespeaks for Miss Morton, not only a high order of intellect, but great determination and application. We predict for her a future of which Louisburg may be proud.

A friend has taken the liberty of giving the foregoing information to the public.

REGULAR MEETING OF THE BUSINESS MEN'S ASSOCIATION

At the meeting of the Business Men's Association, held on last Tuesday night, the committee appointed to secure open warehouses for Louisburg reported that Mr. W. B. Balfou of the Imperial Tobacco Company would aid us in every way possible to have a representative buyer from his company on the local market the coming season. The committee reported, also, that plans had been practically perfected for the renting and management of the Riverside Warehouse, now in charge of the Co-operative Tobacco Association. A good tobacco warehouseman from another city is expected to take charge of this warehouse.

After much discussion of the ice situation in Louisburg, which is causing a great deal of inconvenience to its citizens, a motion was made and carried authorizing the President to appoint a committee to investigate the cause of the present high price of ice and the inability to get it whenever needed, with authority from the Association to do whatever it deems best for the solution of this situation. The chairman appointed on this committee the following: Dr. A. H. Fleming, Mr. W. E. White and Mr. S. S. Meadows. This committee was instructed to see the local ice dealers and if possible, get the matter straightened out with them, but if no satisfactory arrangements could be made with the local dealers, then they are to see what can be done in regard to getting ice from some near-by city.

The Secretary of the Association was instructed to cooperate with the Secretary of the Chamber of Commerce of Franklinton, the Woman's Clubs of Louisburg and Franklinton in an effort to have trains No. 3 and 4 stopped in Franklinton whenever flagged.

A Committee was appointed to draft a letter and mail to all members of the Co-operative Associations inviting them to make Louisburg their delivery point this year, and assuring them of every assistance and courtesy on the part of our banks and merchants, consistent with good business.

The meeting was filled with a great deal of interest and enthusiasm on the part of every member present, and it is hoped that each member will make a special effort to be at the next regular meeting on Tuesday night, July 10.
