A Wish

"I have taken Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak, too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three bottles of

CARDUI

The Woman's Tonic

and her condition was much better.

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard for us.

"I WISH I could tell weak women of Cardui—the medicine that helped give me the strength to go on and do my work."

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

FEEL ALL USED UP?

Lots of Louisburg People Do. Does your back ache constantly? Do you have sharp twinges when stooping or lifting? Feel all used up—as if you could just go no farther? Why not look to your kidneys? Why not use Doan's Kidney Pills? Louisburg people have done so. They tell you the result. Mrs. A. U. Ashley, Main St., Louisburg, says: "My one side and especially through my kidneys, hurt me badly. Every time I lifted a broom to sweep or did any dusting, a sharp twinge shot through my side. I did not rest well, because of this misery and dizzy spells and headaches added to my trouble. I procured Doan's Kidney Pills at the Aycock Drug Co., and they removed the trouble." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Ashley had. THE GROWTH OF RADIO

In the press dispatches we read that the governor of the state of New York addressed the people of the entire commonwealth by radio. He sat in the governors chair in the executive suite where radio experts from the General Electric Company had prepared the proper transmitting devices. Then out in California, W. E. Croed, president of the Pacific Gas & Electric Company, radioed his address at the annual meeting so that the various communities in the central portion of the state served by the company, could hear him speak. The American Telephone & Telegraph Company announces an invention which its engineers have perfected to solve the problem of maintaining privacy in radio communication. Dr. Albert Abrams of San Francisco announces the invention of a super-radio set to test disease. And so it goes.

Radio is today annihilating distance. Its greatest usefulness will be felt when through unified organization the service of experts can be broadcasted to the people of the country on a definite schedule.

It is warm enough to practice classic dancing now.
