TAR DROPS

—Mrs. V. A. Spivey and Miss Beatrice Young are visiting Mrs. Spivey's daughter, Mrs. Charles Wheelers, near Bunn, this week.

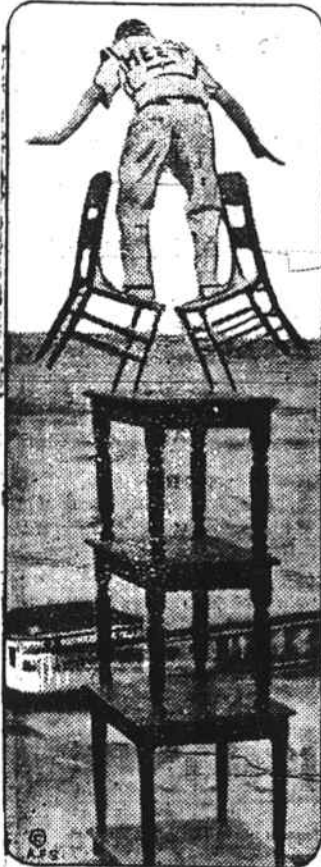

—Chief of Police B. H. Meadows informs us that he is going to enforce the law requiring City licenses by August 10th. All persons not having one had better get it.

—Mrs. G. W. Anderson and daughter left Saturday for her home in Richmond, after spending sometime with her parents, Mr. and Mrs. J. H. Parrish at Cedar Rock, her sister, Miss Gladys Parrish returning with her.

NOTICE TO AUTOMOBILE OWNERS
All owners of automobiles living in Louisburg are hereby notified to get their City automobile license plate on or before the 10th day of August, 1923 or they will be required to pay the penalty of \$10. The law will be strictly enforced after the above date therefore get your license and save trouble and expense. This August 2nd, 1923.

B. H. MEADOWS,
Chief of Police.

THE RIGHT TO WORK

Employers in the building industry in New York have decided to undertake establishing the open shop in the entire country.

Unionism has accomplished much for the workers in this nation and contributed greatly to the common welfare. It has a legitimate place in our highly systematized industrial machine, but just as the power of capital can be abused if manipulated by unscrupulous persons, so can the power of labor organizations become a tyranny when controlled by radical labor leaders who ignore all thought of the public interest in carrying out their holdup programs.

When any union tries to set itself above the constitution which guarantee a man protection in his right to work regardless of his religious, political or labor affiliations, it is headed straight for the rocks of public condemnation.

THE POULTRY NEEDS OF NORTH CAROLINA

Raleigh, July 31.—Speaking to a recent gathering of bankers at the State College, Dr. B. F. Kaupp head of the poultry work of the College and experiment station called attention to some of the vital needs of the poultry industry in this State. Dr. Kaupp pointed out that the State is producing only \$18,079,000.00 worth of poultry products each year and this is not enough for the needs of North Carolina. No eggs and poultry should be imported into the State when conditions are so favorable to producing these products at home and the bankers could help in encouraging the movement for more and better poultry.

Large hatcheries for supplying day-old chicks could be established successfully in North Carolina, stated Dr. Kaupp, and money now sent out of the State could be used for buying eggs from the farmers for use in these hatcheries and day old chicks turned out for the use of both rural and urban dwellers.

He said further, "We need county poultry associations for standardizing the farm flocks, for standardizing and grading eggs and table fowls, for culling birds and for shipping in car lots the surplus poultry from the farms. The bankers occupy a strategic position in this state-wide poultry development scheme and can help if they only would."

AT THE END OF YOUR HEALTH ROPE

At the end of your health rope you can either drop off or take another chance. Most people try chiropractic and they find that chiropractic ties a knot in the rope that enables them to hold on a while longer. But instead of waiting until you have tried everything else, why not try chiropractic first. It is the most economical and direct road to health.

Chiropractic is based on mechanics—the mechanics of the spine. It is exact where other methods cannot be. The chiropractor seeks for a spinal joint displacement and by hand he makes adjustments that gradually restore it to proper alignment. When a spinal joint is out of alignment, it reduces the nerve opening, and the spinal bone presses on spinal nerves, and the result is disease. When the nerves are free, Nature restores health.

Chiropractic spinal adjustments remove the cause of disease of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

DR. CHAS. BREMNER
Chiropractor

Will be in Louisburg, N. C. on Tuesday and Friday afternoons from 2 to 5 o'clock p. m. Office in residence of Mr. D. C. High, Nash Street.

BRIDGE TO LET

On Monday, August 6th, 1923 the Board of County Commissioners will let to the lowest bidder a contract for the construction of a bridge across Cedar Creek near A. S. Sherrod's. The specifications and material furnished by the County is as follows:

The County is to furnish Steel, Flooring and cement F. O. B. Louisburg, N. C. for one 70 ft. Trust Span and 3-24 ft. 1 beam bridges to be connected. There is to be 5 piers 14 feet long and to extend down to a solid foundation and where a solid foundation can not be had to drive piling. The piers to be 3 ft. at bottom and taper to 18 inches at top. Wing Walls to be connected to the end piers and extend 6 ft. from the pier.

The Board reserves the right to reject any and all bids.

By order of the Board of County Commissioners.

ARTHUR STRICKLAND,
Chairman.

E. C. HOLDEN, Clerk. 8-3-1t
