

The World's Greatest Fruit Tonic is now having a tremendous sale owing to its unusual merit.

It is the ideal tonic to build up the run down system and round out your face and figure with healthy firm flesh and strong muscles.

Many people both young and old drag about without ambition enough to do half a day's work, they feel all tired out, exhausted, have sleepless nights, their nerves are gone. Prunitone aids in building up the run down condition and gives you pep.

What Prunitone is doing for people everywhere it will do for you.

I was run down, could not sleep nights, had no appetite and what I eat distressed me, my physicians said it was stomach trouble and he gave me a course of treatment for months without any relief and I tried many other remedies but nothing seemed to help me until a friend recommended Prunitone and it has certainly made a new stomach for me, I believe, for I can eat anything now and I sleep like a baby at night, I just wish I could tell everyone personally that is worn out, always tired and exhausted just what it has done for me.

Yours truly,
Mrs. Mary A. Mason,
Bangor, Maine.

Mrs. E. G. Shepherd, Manchester, N. H. writes:—I have suffered for 15 years with Rheumatism and have tried more than a dozen Doctors and

any number of medicines without receiving any permanent relief until I tried Prunitone and after taking six bottles I feel twenty years younger than when I started taking it. My advice to anyone suffering with Rheumatism is to start taking Prunitone at once and it will soon be gone forever.

Chas. K. Dickey, Syracuse, N. Y. writes:—Just a few lines to tell you what Prunitone has done for me. I suffered a nervous breakdown two years ago and had tried physicians medicines, and many remedies that were advertised as cure-alls but nothing did me any good until I tried Prunitone and it seemed to help me almost from the first dose and now I am feeling fine and full of ambition. Prunitone is certainly a wonderful nerve tonic and it gives me such an appetite I can't eat enough at one meal to last until the next.

BUILDING—do you buy permanence?

IT COSTS but little more at the start than temporary construction. Over a period of years it means dollars in your pocket—for the upkeep on temporary building costs more than the building itself in the end.

Your building material dealer has seen the growth of permanent building—has done much himself to help it. You can save money by following his advice as to methods of construction and brands of material.
