Feed Twice as Much Chowder

A balanced ration for poultry is not the same in summer as it is in winter. Right now you should be feeding twice as much Chowder as Hen Chow (by weight).

Too much grain makes hens fat and lazy. Twice as much Chowder keeps them cool and prepares them for the molt and heavy winter egg production. Drop in and we will show you why.

Prevent Destruction

Collisions By the Thousands!
Head-on collisions—broadside collisions—blunt edged and sharp edged—denting—gouging—splintering!

All through your house there are chairs accidentally crashing into woodwork—scarring your baseboards and disfiguring the room.

Devoo Paint and Varnish Products are shock absorbers. They fend off the crashes from the fibre of the wood and add cheerfulness and beauty to the home.
