If plant diseases troubled your garden and truck crops this year, learn how to control them by writing the Editor, Agricultural Extension Service, Raleigh, N. C., for a copy of Extension Circular No. 138. It's free for the asking.

Have you ever heard this: "That fellow is full of ideas. If someone would sit on him and make him hatch a few, both would get rich." Have you ever tried to sit on one of these human idea layers?

It costs a lot of money to keep clean in a middle western industrial town.

No Worms in a healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. **GROVE'S TASTELESS CHILL TONIC** given regularly for two or three weeks will enrich the blood, improve the digestion and act as a General Strengthening Tonic to the whole system. Nature will then throw off or disperse the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
