Entered at the Post Office at Louisburg, N. C., as second class matter.

It will be perfectly proper for everybody in Franklin County to attend the unveiling of the Memorial to the Stars and Bars to be held in Louisburg on next Wednesday and join in doing honor to the ingenuity of Franklin County's noble heroes.

With the effort that is being put forward for the Louisburg Tobacco Market this year there is no reason that we can see why Louisburg should not receive at least five million pounds. Louisburg is certainly the logical point for delivery.

It begins to look as if it is time for the Town Commissioners to make preparation for the election of Graduated School Trustees for Louisburg. The law says they must call the election to be held in October, and if a new registration is to be had thirty days notice must be given before closing the registration books.

Now that the Business Men's Association has so successfully organized the tobacco market for Louisburg, we believe it will do well to turn its energies towards some kind of manufacturing that will produce a neat pay roll each week. We have said before and still believe that it would pay the merchants of Louisburg to organize and operate a cotton mill. The increase in business on account of the weekly pay roll would justify the investment even though no dividends were ever received. Think it over. The proposition can be floated in Louisburg.

It has recently come to our attention that Mr. George L. Cooke, Cashier of the Citizens Bank of Franklin, has promoted and successfully established the growing of cantaloupes for a commercial crop around his town. The first year it seems the product of this section received the blue ribbon for the excellency of flavor, being a good deal above those from other sections, which has made of them a favorite on the northern markets. He has, so we learn, promoted the raising of cabbage with a like success. He is now placing the resources of his institution behind the growing of dewberries for market, and he feels confident of a large measure of success with this crop. Mr. Cooke is the type of citizen that builds any community. He is not waiting for some one to bring a proposition to him, but is taking the initiative in these campaigns of progress. Franklin County would be much better off, financially, if it had many more citizens like Mr. Cooke. We extend to him our congratulations and best wishes for the success of each and every one of his ventures.
