Whether You Have Faith---

Whether you have faith or not, does not matter. Chiropractic is true. It is a fact. Argument does not change it. Whether you have faith in it or not really makes no difference to chiropractic. A truth is a thing that stands.

But truth also, is a thing to be understood and used. Chiropractic has brought thousands of hopeless and abandoned invalids—incurables—back to life and health and happiness. Why? Because it is totally different. It does things that no other healing method even tries to do.

Chiropractic spinal adjustments as given by this office have restored health in many cases in the past. The sufferers have been made well of diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.
