Washington reporters seem to think
 that the contest for President next
 year will be between McAdoo and
 Coolidge.

The Sixty-eighth Congress of the
 United States convened Monday at
 noon. The progressives succeeded in
 throwing a wrench in organization
 machinery and blocked the organiza-
 tion.

The Business Men's Association of
 Louisburg would do well to direct its
 efforts toward the establishment of
 some manufacturing enterprise for
 Louisburg. An overall factory, a cot-
 ton mill, a foundry or most any es-
 tablishment that will employ labor
 will be of great benefit to the town.

**CHRISTMAS SEAL A HEALTH
 BAROMETER**

In looking over the health activi-
 ties of the various counties and cities
 of North Carolina, it is interesting to
 find that the communities that are the
 most vigorous in fighting disease and
 promoting health within their bound-
 aries are the ones that have the larger
 sales of Christmas Seals. These
 little health stamps seem to have more
 than a fund raising value. They carry
 the Christmas spirit; they educate
 for health; they inspire to action.

The interest of the people in an ac-
 tive health program seems to be
 shown by the number of seals they
 buy. The larger the Seal sale in a
 county, the more vigorous is the tu-
 berculosis campaign that follows—
 not entirely because more funds are
 available, but because public interest
 has been aroused through a campaign
 that has reached every home.

It might fairly be said that the com-
 munity that does not sell its quota of
 the Christmas Seals is below par in
 the scale of community health. It has
 been weighed in the balance and
 found wanting. The Christmas Seal
 barometer indicates the health ahead
 and this is confirmed by the mortality
 and morbidity statistics which cannot
 be disputed.

Mrs. M. S. Clifton, our local chair-
 man, tells us the Seal Sale was begun
 here on Thanksgiving Day. Plans
 have been perfected for a large sale
 in our town and community, and we
 believe the people are going to pur-
 chase more liberally of the Tubercu-
 losis Christmas Seals this year than
 ever before.

To Those Who Give at Christmas
 This Christmas, which should bring

happiness to every boy and girl, finds
 one in ten children menaced by a dis-
 ease that may sentence them to years
 of sickness and may even rob them
 of their lives.

In the schools and homes of this
 city are thousands of children doomed
 to bitterly unhappy years unless
 we can reach them quickly. They are
 the undernourished children, whose
 thin, hollow-chested bodies are fertile
 soil for the most dread or all diseases
 —tuberculosis.

A few dollars from every one NOW
 can prevent this calamity to child-
 hood. You hold in your hands the
 means of buying health for children.

We are selling Christmas Seals that
 annually provide money to fight tu-
 berculosis. With that money we can
 buy the most precious gift in the
 world—health—as a holiday offering
 to children whose day Christmas real-
 ly is.

The Seals are one cent each. Buy
 all you can. Each time you put a
 Christmas Seal on a letter or package,
 you are piling up health for little chil-
 dren.

Sincerely,
 Mrs. M. S. Clifton, Chairman.

Rural homes are lighted, modern
 outhouses built, crop yields increas-
 ed, boys and girls trained into lead-
 ers and people work together for the
 common good in those counties where
 the home and farm agents of the
 State College and Department of Ag-
 riculture are located.

WOMAN'S CLUB AT POPES

We are sorry to say that we haven't
 been meeting regular on account of
 the school house being out of order
 since the consolidation of schools, tho
 we will soon have it ready again for
 our regular meeting place.

We made a Memory quilt which we
 sold and it brought us a net sum of
 \$30.35, also chicken salad \$6.34, and
 barbecue \$5.45 at one time.

So we are not quite gone into win-
 ter quarters. We are still for the bet-
 terment of our county and community.
