Inactive  
Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took **Theford's Black-Draught**, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

tributing as they have. We have averaged per pupil for the two Sundays about six cents, being \$7.25 Sunday before last and \$7.00 last Sunday.

With the new literature, which has arrived and the "goodies" for the Christmas Social to settle for we are afraid we will fall short. As yet the statement for the literature has not been received and the cost of the Social has not been figured out. We hope to make a full report next Sunday as to the standing of our finances and give to you.

Please see your teacher or secretary and get your new literature before Sunday so you can have a perfect lesson.

Next Sunday the monthly reports will be handed out and those on the Honor Roll will be announced.

It was pleasant to see the pictures of the Calvins, the Rebeccas and the whole school on the wall Sunday. We pride ourselves on them.

Next Sunday being  
The 1st Sunday in the New Year.  
The 1st Sunday in the 2nd quarter.  
The 1st Sunday in a new month.  
We are expecting a  
1. Good number present.  
2. Good collection.  
3. Large number of bibles.  
4. Great number on the honor roll.  
5. The Superintendents' report for December.  
6. The Secretary's quarterly report.  
7. A good time.

We thank every one of our Sunday School for the interest they have manifested and ask that they renew their efforts and make resolutions for the New Year to be on the Honor Roll every month. It is miraculous what has been accomplished in our work during the past five months. These results have not been produced by one person but by every one cooperating. This is the only way we can do things—so as we enter the new quarter and new year, we ask each of you not forgetting that with all our efforts we must not leave out prayer, and strive to make each Sunday better than the preceding.

And here, we wish to say, that we should not forget to encourage our younger people for it will not be long before they will have to take our places—hence it is our duty to encourage, set example, teach, pave the way for better equipped and trained young men and women than we. If we fail to produce young men and women who can carry on our work even better than we, we will be judged accordingly. It is up to us now to prepare them for emergencies and the rapid changes of our modern life. Our children can and are eager to be trained for these things and unless we let them know that we are interested in them and unless we let them know that the world is looking to them for leaders they will in the future look upon us as incompetent parents and leaders. So with this uppermost in our minds may we determine within our hearts and minds to as near as possible present things to our bright children which will encourage them to look up to the things that are real and everlasting but not temporary.

All together from the sound of the last bell next Sunday morning to the closing of the Sunday School hour the last Sunday in December 1924. Your cooperation is asked. Thanks.
