Tonic and Blood Enricher

MAKING SUGAR SPUDS FREE FROM DISEASE

Raleigh, Feb. 11.—Sweet potatoes that are intended for bedding can be made free from disease by a simple treatment consisting of placing them in clean sacks and dipping into a solution of Bichloride of Mercury. The right solution is made by placing four ounces of the poison in 30 gallons of water.

Directions for treating the potatoes are given by G. W. Fant, extension pathologist for the State College, as follows:

Use wooden barrels because bichloride corrodes metal. Two or three barrels may be used to speed up the work.

Remember that bichloride is a deadly poison if taken internally.

Have it put up in four ounce packages and dissolve this amount in 30 gallons of water.

Put the potatoes in clean burlap bags and dip into the solution from 5 to 10 minutes—not longer.

Pour out the potatoes on a clean floor or on the ground and allow to dry.

Make up a new solution after about three bags have been dipped in a barrel. The solution will get weak.

As the skin of the potatoes absorbs the poison, use the roots for bedding only. This may be done as soon as they are dry.

Pour out the solution when used and don't allow it to collect in pools where it may poison some animal or child.

When the barrel is thoroughly washed it may be used for other purposes.

Many large growers of sweet potato plants for sale and commercial producers of sweet potatoes find it important to have disease free seed and where this treatment is followed, good results will be secured.

HOW MUCH DOES IT COST

YOU TO SPEND—\$100.00?

ANSWER

\$100 DOWN & \$4 A YEAR

FOR THE REST OF YOUR LIFE.

Every dollar you spend has an invisible string of pennies attached to it. This string of pennies reaches up through the years. They represent the interest money which that dollar would bring you, if you saved it instead of spending it.

Think of that when you spend money. The interest you lose is like installment payments for the rest of your life. When you go to buy something, ask yourself, "Do I want to pay the price of this thing, plus the annual loss for the rest of my life?"

Start a savings account, now, with our Bank and make your money earn more money in interest.

No Worms in a healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Quickly Destroys Disagreeable Odors

EVERY careful housewife takes special pains to make toilets, sinks, closets, drains and out-houses clean and sanitary. Red Seal Lye does this very thing in a jiffy. Little cost and no trouble.

Have you bought a can recently? Red Seal Lye is extra high test and goes much further than inferior substitutes.

HOUSEHOLD HINTS
Things Our Readers Want to Know
Red Seal Lye helps to keep the home always clean and sanitary. It makes an effective barrier against disease and its fearful consequences.

Red Seal Lye is very useful in getting rid of disagreeable odors and is unequalled for cleaning drains and pipes.

Floors, walls, steps and cellars where dirt settles most readily and are about impossible to clean with soap and water are made spotless in a few minutes by the generous use of Red Seal Lye. No scrubbing is necessary.

A Splendid Example

Washington, so biographers relate, was a thrifty youth. At the age of sixteen he had a job as surveyor and had opened a Bank Account in his own name to take care of his savings.

What a splendid example for the youth of today! And we will venture that Washington did not enjoy the privileges which this Bank is ready to offer to help you save systematically.

Most great fortunes have had modest beginnings. Start a Savings Account today.

Ford

THE UNIVERSAL CAR

Forecasting A Tremendous Spring Demand

739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

Ford Motor Company
Detroit, Michigan

A small deposit down, with easy payments of the balance arranged, or your enrollment under the Ford Weekly Purchase Plan, will put your order on the preferred list for spring delivery.
