INTERESTED IN ORDERLY MARKETING.

Raleigh, March 17.—The cotton farmers of the Carolinas are becoming more and more interested in the development of the orderly marketing system. Leaders in the association in every section of the State tell of increasing confidence and new members are being added to the association daily.

The news comes from Columbia, S. C. that Leroy Springs, one of the largest cotton manufacturers of that State and also one of the larger cotton planters has signed a contract and his crop will hereafter go to the association. In North Carolina, the same interest is being seen on the part of large planters. The Raeford Farms, growers of over a thousand bales of cotton have signed with the association and others have done the same thing.

Sixty-eight women of Robeson County aided Miss Flax Andrews, home agent, to carry the message of more milk for better health to the children in 109 schools during a milk campaign recently held in that county.

Blinding Headaches

"For about twenty years," says Mr. P. A. Walker, a well-known citizen of Newburg, Ky., "one of our family remedies has been Black-Draught, the old reliable. . . I use it for colds, biliousness, sour stomach and indigestion. I was subject to headaches when my liver would get out of order. I would have blinding headaches and couldn't stoop about my work, just couldn't go. I used

Thedford's

BLACK-DRAUGHT

and it relieved me. "About eight years ago my wife got down with liver and stomach trouble. . . We tried all week to help her, . . . but she didn't get any better. One day I said to the doctor, "I believe I will try Black-Draught, it helps my liver." He said that I might try it and to follow directions. She was nauseated and couldn't eat or rest. She began taking Black-Draught and in two days she was greatly improved and in a week she was up." Try Black-Draught. It costs only one cent a dose. Sold everywhere. E-99
