WOOD ELEMENTARY SCHOOL CLOSES SUCCESSFUL TERM

Commencement Exercises Prove Success—Leona Raynor and Mabel Gupton Win Medals—All of Seventh Grade Receive Diplomas.

The exercises on the evening of May 2nd, marked the last night of the commencement of the Wood elementary school and proved to the committee, patrons, friends and visitors of the school the wonderful progress made by the pupils under the capable leadership of the faculty.

To the cooperation and untiring efforts on the part of the faculty and pupils is due the credit for the success. Among the features for each selection was a feature may be mentioned the fact that every pupil had a part in the exercises and the ease and grace with which they performed showed without doubt that they had received excellent training.

On Thursday evening the five judges awarded first place to Leona Raynor, second place to Elizabeth Fuller and third place to Mabel Gupton in the recitation contest for medal offered by the principal.

When we review the program for each evening it is extremely difficult to select any particular exercise for featuring, but the music department showed that they were all instructed, the seventh grade pupils gave excellent exercises, the recitations were all that could be asked.

On Friday evening the same condition existed but among those often spoken of as outstanding features were Merry Maidens Club, Little Helpers, in Grandmas Days, Clown Drill and "Dolly You Must Go to Bed."

Friday evening Mabel Gupton was awarded the Scholarship Medal offered by Mrs. W. D. Fuller.

The seventh grade composed of the following received diplomas: Kenneth Ayscove, Elizabeth Fuller, Hattie Bell Gupton, Del Pearce, Ola Pearce, Jodie Radford, Herbert Sturges.

It is very fitting that the commencement exercises should bring to a close with a suitable climax the successful school term which marked the efforts of the faculty beginning with the award of the prize of \$15.00 for the best school parade at the county fair in the fall and the winning of the prize of \$10.00 offered by the county superintendent and awarded by disinterested judges for the best kept school building and grounds in the county, and the awarding of diplomas to each member of the seventh grade.

This school term has been one of success from the beginning to the close, and all the more so in view of the fact that the faculty with the exception of one came to the school for the first time. It is to be credited to the foresight of the efficient County Superintendent that he made such wise selections as these, as was extended during the closing exercises and afterwards by the school committee to the faculty it is sincerely hoped that they will consent to return and take up the work where they left off and as has been spoken, by quite a number of the citizens, which will be hard to be carried on by others.

It should be mentioned that part of the exercises taken by the music pupils showed grand instruction. This being the first session in which music has been taught speaks well for both teacher and pupils.

WOODROW WILSON DEBATING SOCIETY

On last Friday the Woodrow Wilson Debating Society of the Louisburg graded school, composed of the seventh grade had for their program the passing of a bill, the bill being, resolved "That we should have a longer vacation and a shorter school term."

This was debated by Archibald Wilson on the affirmative and Kemp Yarborough on the negative. The members of the seventh grade were the Senators. The decision of the Senate was that the bill should not be passed.

Action on the bill being so generally satisfactory and business having been completed the Society adjourned.

A WORLD ACCOMPLISHMENT

The fact that the foreign governments interested in the reparations question, including Germany, have accepted the Dawes report as the basis for final settlement is the greatest step toward better world conditions that has been made since the signing of the Armistice.

The United States should be proud that three American business men could evolve this plan in a few short months.

The honor of consummating such a program for the benefit of humanity falls to the lot of but few men.

RESOLUTIONS

Honorable Garland E. Midyette having presided over the present term of Franklin Superior Court with such eminent ability and fairness and rendered such splendid service to the highest interest of the county by his just and upright administration of the law, and having won the warmest esteem and affection of all by his uniform courtesy and consideration, the Bar of the county voicing its own sentiments and those of the court officers and people, desire to make upon the minutes of the court a record of their appreciation, admiration, and confidence; Therefore be it resolved;

That in the elevation of Judge Midyette to the bench, the state of North Carolina has gained a public servant of the very highest type whose career promises to exemplify our noblest ideals and to advance and promote the cause of justice and good morals.

That his purity and sincerity of purpose, his tact and kindness, his forgetfulness of self in his desire and effort to worthily serve the interest of the state which has honored him have caused us to feel for him a depth of respect and personal regard which may not be expressed in any words of formal compliment, but which will abide with us as a gracious memory and inspiration.

That these resolutions be spread upon the minutes of this court and a copy thereof furnished to the Franklin Times and the News-Observer for publication.

Respectfully submitted by THE LOUISBURG BAR.

To train young women as household assistants the home economics department of the Denver (Colo.) public schools, cooperating with the Young Women's Christian Association, will offer a six or eight weeks course of intensive training for practical work in the home. Housekeepers of Denver promise the students positions immediately upon completion of the course.

R. A. Wilder a farmer of Wake county, has found his reeling machine a valuable investment. Since he bought it early in the spring he has not only reeled his own cotton seed but also several thousand bushels for his neighbors. Some men brought their seed twelve miles to have them reeled. It has resulted in better stands of cotton in that vicinity, reports County Agent J. C. Anderson.

FELIX HARVEY DELIVERS CHARTER

(Continued from Page One)

flowers in the shape of expressions of appreciations flew all about.

Louisburg Quartette composed of Mesdames A. W. Mohn, W. E. White, Harry H. Johnson and William D. Jackson, sang "My Pretty Maid," the rendition of which brought forth the greatest applause.

Edward L. Best rose and to his questions all who think that North Carolina music is the best in the world, all who think North Carolina flowers are the prettiest in the world, and all who think that North Carolina women are the sweetest in the world say yes, got a most enthusiastic yell at the conclusion of each. After which he presented beautiful flowers to each of the ladies, including Miss Hall, the accompanist, in the quartette. The quartette then sang sweetly "Lay me Down and Die."

Harry Adams, Governor of the Carolinas District Kiwanis, made a most inspiring address. In the best of good fellowship he welcomed Louisburg Kiwanis into the Kiwanis International. He said Kiwanis did not ask a man for his check, but to make a sacrifice—it demands service. He spoke beautifully of the work now being done by Kiwanians among children, the under privileged children, through the orthopaedic work. "The true purpose of Kiwanis," said the speaker, "is to render the good of the whole to each."

It helps to get a higher vision. To illustrate his point he told of the bar of iron in the hands of different artisans with different conceptions of value, when one would make his iron horse shoes at \$2.00 per pound on through to one that would make his into hair springs at one million dollars a pound. "Your success depends much upon your decision," he said. Kiwanis builds better men, and better communities.

Felix Harvey, of Kinston, Lieutenant Governor of this District made the presentation speech. It was a gem in that it not only told what Kiwanis is, but of many things that Kiwanis can and should do for all communities. He told how Kiwanis got its strength by building up love between men. And to illustrate the great need of united work he pointed out a problem needing immediate attention and help, showing that the value of the two chief crops of North Carolina was \$260,000,000 and that \$220,000,000 of this was sent out of the State for supplies. He brought greetings from 1200 clubs representing 87,000 members.

Will H. Yarborough made the speech of acceptance for the Louisburg Kiwanis Club, and did well the part assigned to him. He impressed beautifully, the fact that the Charter imposes upon us new obligations and new responsibilities. "We must build better communities for those who cross the streams we fail to bridge and stoop to move the stones we have failed to clear away."

Much regret was expressed that it was necessary for Sen. C. C. Dill, to

leave for Washington City in the afternoon, thereby making it impossible for him to be present and address this meeting.

The guests of honor were Harry Adams, of Raleigh, Governor Carolinas District; Felix Harvey, of Kinston, Lieutenant Governor Carolinas District; Joe Bowles, Columbia, S. C., Field Representative.

Thus one of the most enjoyable of the Kiwanis occasions passed into history, leaving a most pleasant memory and a spirit of good cheer with all whose privilege it was to be present.

COLLECTS \$150 CASH BOND

Mayors Court Has Big Docket Monday—Fourteen Cases Disposed of.

Mayor L. L. Joyner and Chief of Police Meadows had quite a big docket in the Mayors Court Monday morning. Among other things they did and which is especially commendable they collected \$150.00 in forfeited bonds. The cases disposed of were as follows:

Town vs Wilbur Hawkins, aiding and abetting in prostitution, called and failed.

Town vs Elize Egerton, keeping a bawdy house, called and failed.

Town vs Bobbie Peoples, public drunkenness, guilty, judgment suspended upon payment of costs.

GAS CAPTURING KITCHEN

Half of the food cooked in the United States each year is cooked with gas and takes a goodly share of the 1,000,000,000 cubic feet of gas produced in this country every day. At the present rate of increase in the use of gas in domestic and industrial fields, it is estimate that by 1930, less than 10 per cent of the total output will be used for lighting.

WORK

In city streets, on country highways, in farm structures and industrial plants, small and large, concrete is being more and more used. Why?

First because it meets the modern necessity for economy. Atlas is cheaper today than thirty years ago. And second because man's work must be safeguarded.

Structures built with Atlas protect both the worker and his product, for they are permanent and fire-safe. Tell your building material dealer about your building plans and ask him about materials. He can be of real help.
