### Old Folks' Ailments

"I began taking Black-Draught over fifty years ago and my experience with it stretches over a good long time," says Dr. J. K. Blackmore, a United War veteran and former Virginia who is now a prominent citizen of Floyd, Texas. "It is the best laxative I know of for old people. A good many years ago, in Virginia, I used to get bilious and I found that

was the best and quickest relief I could get. Since I came to Texas I have these bilious attacks every now and then—a man will get bilious anywhere, you know—and I find that a little Black-Draught soon straightens me out. After a few doses, in little or no time I'm all right again." Theford's Black-Draught is a purely vegetable liver medicine, used in America for over eighty years. It acts on the stomach, liver and bowels in a gentle, natural way, assisting digestion and relieving constipation. Sold everywhere.

## COMMERCE

One-sixth of the time ships save in using the Panama Canal pays their tolls. This is simply a saving in boat operation; the saving in speeding merchandise to markets is an additional gain.

The Panama Canal is a spectacular demonstration of countless similar savings to commerce through viaducts, highways, tunnels and bridges shortening routes and making them safer through Portland Cement.

Atlas is also making homes safer and more permanent. If you plan building, ask your dealer how and where you can be benefited in using "the Standard by which all other makes are measured."
