Take

for the liver

Beware of imitations. Demand the genuine in 10c and 35c packages bearing above trade mark.

Substituting branded wooden covers for the old burlap bags formerly used as covers for the potato barrels and better grading of the potatoes brought an increase in price of 25 to 50 cents per barrel to farmers in Pamlico County this spring reports county agent R. W. Galphin.

Gained  
Ten Pounds

Mrs. George S. Hunter, of Columbus, Ga., says she suffered severely with female troubles. "I had to go to bed and stay sometimes two weeks at a time," says Mrs. Hunter. "I could not work. My... were irregular and I got very thin. I went from 120 pounds down to less than 100. My mother had been a user of

**CARDUI**

The Woman's Tonic

and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I went to the store after it and before I had taken the first bottle I began to improve. My side hurt less and I began to feel in health. I took four bottles in all during the last ten months. Cardui acted so well on me. I am well now and have gained ten pounds and am getting on my feet. I do not trouble me at all any more. I am quite regular. I know that Cardui will help those suffering from the same trouble. This Cardui.

Father Sage Says:

FATHER SAGE'S ADVICE to his young son, William: "As when the time comes that ye start

lookin' about ye fer a gal ye kin hitched up with, remember that ye can't aim too high—fer the humblest little mouse of a woman will cause ye just as much trouble as will any fer just as much in the long run as the swellest-lookin' queen ye kin pick out."

Convention oratory is very largely a matter of obituaries, stale stories and noise.

BELIEVES THERE IS MONEY IN FARMING

Raleigh, July 21.—"I know that farming can be made to pay if done right for I have made money each year," is the qualified statement made to County Agent Elias of Mecklenburg County by B. F. Withers of that county. Mr. Elias states that B. F. Withers would be classed by some as a city farmer but that he is doing the kind of farming of which any dirt farmer could well afford to be proud. In reporting on a trip to the Withers farm recently, Mr. Elias says:

"Five years ago his doctor told B. F. Withers that he would have to get out of his office if he wanted to live. He therefore turned his attention to the worn out farm of his childhood. He bought a few cows, a car of lime,

sowed soybeans and cowpeas in the summer and put in some crimson clover and vetch for winter cover crops. On a recent visit to this farm I found a field of oats that would make an average of 60 bushels to the acre. In another field, of eleven acres, alfalfa was about three feet high. When Mr. Withers started to improve this land it would not produce as much as ten bushels of corn to the acre. Now it is one of the most productive farms in the vicinity.

Reports like this come to the State College extension division week after week telling how the use of legumes will improve the soil, build up the fertility of the land, and help to convert a worn out farm into a moneymaking enterprise. Agronomists of the extension service state that now is the time to make plans for sowing winter cover crops this fall. Many farmers are making a success of alfalfa and land can be started this fall for planting to alfalfa later. Some part of the farm should be planted to legumes each year state the extension agronomists.

No Worms in a healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHERRY TONIC given regularly for two or three weeks will purify the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Price 15c per bottle.

Take this TIP  
from the Taxi Man

WITH him every second counts. As he whisks you to or from the station he doesn't want to change out of high on any hill. As he dodges through traffic his engine must always be set for a spurt of speed. No wonder the up-to-date taxi men are all using the new fuel—"Standard" Ethyl Gasoline. It seems to have been made for them.

You, too, will find it a wonderful adjunct to your car. It absolutely prevents "gas knock". That means that you will get more power on the hills, less gear shifting, less vibration, more flexibility in traffic and better fuel economy.

Take it from the taxi man—he knows—try "Standard" Ethyl.

STANDARD OIL COMPANY  
(New Jersey)

**"STANDARD"  
ETHYL GASOLINE**

"Standard" is the trade mark of the Standard Oil Co. (N.J.), registered in the U. S. and many foreign countries.

Give me  
**Feathers 8240**

Hello! Just wanted to remind you I need a lot of feather-making materials in my feed now. I have to make about 8,000 new feathers before I start my winter laying—and I want to get through my molt quickly, so I can lay lots of eggs when prices are high. You say Purina Chicken Chowder is full of that protein stuff that makes feathers and eggs? That's what I need. Send some right out.
