Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are no many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI
The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui."

At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others.
