### The Modern Idea in WATCHES

THE modern idea in watches is FIRST a good "Time Piece". After that comes refinements of manufacture and design. Time has made clear to us, for example, that when a father buys a watch, he wants it to last more than his OWN life. He wants to give it to his son, in turn.

This store has always specialized in "Time Pieces". As the minutes tick off, we care less about adornment than accuracy. Here you will find the dependable makes—proud acquisitions for the generations to come. And there are the daintiest, prettiest watches for women, too—new models, new designs. It will be worth your while to come and see them.

We wish to call your attention to the W. W. W. line of Guaranteed Pearls, just in. Never were such pearls offered at this price and with such a guarantee. Then there are the new White Gold 18-K diamond rings, engagement rings, wedding rings—and mountings we can make for you, if your present rings are frankly "out of style".

#### PROTECTING THE INVESTMENT

Abraham Lincoln humorously said of a poor neighbor's assets, "He has a wife and two children which I should think were worth thirty thousand dollars to any man."

A family indeed is a golden investment and needs the same protection and care that any investment requires.

For three generations the editors of The Youth's Companion have felt the same responsibility to the families of subscribers as if those families were their own. In taking a subscription they have accepted a trust; they have done their part to see that the family investment increased in value through the development of character and a taste for the good things in life.

The 52 issues of 1925 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1925.

2. All the remaining issues of 1924.

3. The Companion Home Calendar for 1925. (Sent only on request.) All for \$2.50.

4. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only \$3.00.
