

### HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nauseous Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style Calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

Justice may be blind, but she knows there is no law against the skirts being made shorter.

### WEEKLY MARKET NOTES

Raleigh, Nov. 24.—The State Division of Markets cooperating with farm and home agents of the State College Extension Division in making a survey of methods used in marketing poultry. It has been found in some counties that merchants are begging for eggs at 50 cents per dozen while in other counties the eggs go begging for buyers. In Cleveland county a producer is selling his eggs in New York at 84 cents per dozen. This producer has uniform, infertile, fresh eggs from a pure bred flock.

Turkey prices are good in North Carolina and there is no reason why all turkeys may not be sold at a profit in the State.

Fall pigs should be pushed for the market next March instead of feeding them poorly and carrying over the pigs for another year.

In some eastern counties the supply of milk is less than 15 gallons per person per year which is one sixth of a normal supply. Some counties have even less than the fifteen gallons. An increase in the cow population would mean better and more wholesome food for the babies, a source of steady income for the farm-

or and richer soils. Vegetable growers of Columbus, Haden, Robeson, Brunswick and New Hanover counties attended a meeting at Chatham on November 25 to hear plans outlined by George Ross, Chief of the Division of Markets, as to an effective method of distributing their crops. The Division now has a market news service and inspection service available for these growers. Mr. Ross will attend the annual meeting of the National Association of State Marketing officials in Chicago on December 1, 2 and 3. Commissioner W. A. Graham of the State Department of Agriculture will also attend this meeting while at the meeting of Commissioners of Agriculture held at the same time and place.

### AUCTION SALE

On Friday, December 12th, 1924 at 10 o'clock at my home near New Hope I will offer for sale all my farming implements, household and kitchen furniture, a lot of corn, buggy, wagon and harness. A fine opportunity to secure bargains. W. F. EDWARDS, Rt. Louisburg, N. C. 11-28-24

Another place where our civilization has failed is in the increasing demand for self-supporting wives.

### RED CROSS IS URGING BETTER-HEALTH BATTLE

Tireless in Services Advancing Cause of Freedom from Human Suffering.

Not alone in preparedness for emergencies, but in a tireless offensive battle for better health is the American Red Cross nurse maintaining in peace time the high tradition of her war service. As in war, the same self-effacing service for humanity goes on its quiet, effective way content in its accomplishments, seeking no public acclaim. Enrolled in the Red Cross Nursing Service are 40,638 of these missionaries of health, nearly 1,000 carrying the message of a finer public health to as many communities and 1,100 teaching large classes in home hygiene and care of the sick. Exactly 100 Red Cross nurses are still on duty overseas, helping the struggle forward toward the high standard of American nurse efficiency in many countries.

In the Government services 3,117 enrolled Red Cross nurses are on duty with the Army, Navy, Public Health Service and the Veterans Bureau, while the entire active enrollment is maintained as a reserve for the Army Nurse Corps and available to the Navy in a national defense emergency. Nine hundred nurses were added to the roll the last year.

Red Cross nursing, however, has perhaps its finest expression out in the places laid waste by fire, flood and storm, and in the back reaches far from the centers of population. In every disaster the Red Cross nurse is first called for, first to respond, and the last to leave her post of duty among the suffering victims. In the isolated sections of Alaska, North Carolina, Virginia, Idaho, and among the bleak islands of Penobscott Bay, Me., her ministrations are making hard lives easier and working for a brighter future for the children. Her part in the human drama of the time is increasingly important, although it is subdued by the very nature of her work.

The policy of the American Red Cross to establish under Chapter control public health nursing services in communities lacking such facilities has been justified and this pioneering work is everywhere endorsed by authorities who are quick to take it over as a proper municipal function and a duty of taxpayers. The Home Hygiene and Care of the Sick program has further penetrated into the schools as a definite part of curriculums. During the year 29,000 school pupils took this Red Cross course. Three telephone corporations adopted it and graduated 960 employe students.

As good health depends upon right eating the Red Cross Nutrition Service continued to promote individual and community health, particularly the health of mothers and children. This service reached nearly 150,000 persons during the year and found work to do for several thousand Red Cross volunteer workers.

### Girls Start Hockey Practice

Above is shown Miss Dorothy B. Lee, who is captain of the Bryn Mawr hockey team now preparing for several games with the teams of other colleges. Miss Lee is the daughter of Elisha Lee, vice president of the Pennsylvania railroad.

### LOST

One black and white male hound, with scalded scar on back. Lost about ten days ago.

One large black, white and tan male hound. Has been missing for about seven months.

One white female hound with a few yellow or brown spots.

One large red male hound with white ring around neck, white feet, white blaze in face. Gone about a year.

Reward of \$25 offered for return of each dog.

W. H. ALLEN, Louisburg, N. C.

### No Worms in a healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

### NOTICE

Having qualified as administrator c. t. a., of the estate of W. G. Faulken deceased, late of Franklin county, notice is hereby given all persons holding claims against said estate to present them to the undersigned on or before the 4th day of November, 1925, or this notice will be plead in bar of their recovery. All persons indebted to said estate will please come forward and make immediate settlement.

This November 13th, 1924. W. H. PERNELL, Admr. G. M. Beam, Atty. 11-14-24
