INSURANCE A NECESSITY

INSURANCE ACTUALLY DEALS WITH EVERY HONEST BUSINESS UNDER THE SUN

Fire insurance has come to be not only a householder's security, but a national necessity. The home owner must protect his family and provide shelter; the renter must guard his household goods. Business concerns, factories, churches, schools, colleges and corporations must protect their property investments. The man who can thus provide the security of a community against financial loss from fire is its insurance agent, through his companies.

The Week Ender

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

HE CAME into the office Monday morning listless and heavy-eyed, making excuse for his absence. He had been home over the week-end and he said he had got back late, but had missed nothing important, of course. He could make up the time easily if only the boss would be reasonable.

He had had a marvelous time, he admitted, yawning wearily as he told me about it, but it had left him wrecked. He had intended to get up a little back work, but—well, there had been a dance, and a dinner party, and he had slept until noon Sunday, and there had been something doing until he started back, so, of course, there was no time for anything else. He went out not exactly in a good humor, because I unreasonably could not get his point of view.

It is a growing custom, this spending the week-end at home or out of town, but it plays havoc with a man's work. There are, however, adequate reasons to justify the practice; the quite influence of the home and the the home folks, the taking down of the screens for winter or putting them up in the spring, getting the teeth filled or pulled, or the tonsils in or out. There is always the emotional pull of the sweetheart. One would be cruel indeed to object to a man's visiting her occasionally. Often the home folks think it is a good thing for a son to try to get home week-ends.

"Are you going to the Michigan game?" I asked another. "No," was his reply. "I'd like to, tremendously, but a trip like that upsets me for two days and leaves me a mental junk heap for a week after I get back. I can't afford it. I rested this afternoon for two hours and then got up my back work."

The week-ender is usually not doing so well in his work and not much interested in it. The explanation is simple. He has a double interest and does justice to neither of them. His week-ends give him pleasure, but he comes back to his duties tired, uninterested and bored.

New Way to Stop Night Coughing

Those who have suffered the tortures of sleeplessness due to continual coughing at night, and who as a result often feel utterly worn-out and useless during the day, need no longer permit their systems to be weakened and their vitality sapped by this distressing ailment. For through a very simple treatment the trouble can be stopped almost at once, and people often get their full night's rest undisturbed after the very first trial.

Here is the method: Simply get a bottle of the prescription known as Dr. King's New Discovery from any good drug store. Then, ten minutes before retiring take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. This prescription has a double action. It not only soothes and heals the soreness and irritation, but it quickly loosens and removes the phlegm and congestion which is the real cause of the cough. So your throat is left wonderfully soothed and cleared of irritating gatherings, you can sleep soundly and peacefully, and the cough is usually gone in a very short time.

Dr. King's New Discovery is a remarkable remedy for coughs, chest colds, whooping cough, croup, spasmodic croup, bronchitis, laryngitis and bronchial asthma. At all good druggists. Ask for

THE RIGHT PRINCIPLE

Raleigh Nov. 19.—"Cooperative marketing may not be necessary for me, because I have already established myself and can market my cotton in an orderly manner if I choose, but Cooperative Marketing is the right principle and the farmers of this State need the organization and I will give it my personal support." In such strong and forceful language did the late M. C. Braswell of Edgecombe county speak at the North Carolina Cotton Growers Association. Mr. Braswell was one of the foremost business men and a large farmer and until his death stood as one of the leaders in the cooperative movement.

Yesterday, there came to the office in Raleigh the marketing contract signed by Mrs. M. C. Braswell, the widow of M. C. Braswell. Mrs. Bras-

well will continue the policy of her husband and will market her cotton through the association. She is one of the largest cotton growers in the State and has over 800 acres in cotton and the farm manager makes a conservative estimate of 600 bales for this season.

The same mail brought a number of other new contracts and among them were the contracts of Edgar Riley of Hoke county, J. D. McInnis of Moore county, E. J. Woodley of Moore county and Farloe and Williams of Ellerbe.

Just a few days ago, Mrs. R. J. Hair of Cedar Creek, joined the association and delivered 111 bales of 1923 cotton and expects to deliver at least sixty bales of this season's crop.
