Graceful Negligees in Cheerful Colors

When corduroy, in the supple, lustrous, lightweight qualities, entered the field of negligees, it filled a long-felt want. It is an ideal material, in every respect, for making these pretty garments (of which so much is required), and it has established itself permanently in the mode.
 One of the new corduroy negligees is shown in the picture, in henna color, with a silky sheen. There is quite a range in colors to choose from and corduroy is beautiful in the fashionable rose, purple, brown, blue, red, fuchsia and sunset tones. Sometimes these negligees are lined in matching shade of thin silk or mercerized cottons, but often they are unlined. Besides being durable they will stand washing.

PRESENTS FOUNTAIN PEN

His associates on the Board of County Commissioners presented Mr. Henry Speed with a nice fountain pen as a reminder of their appreciations and harmony in which they had worked together the past two years, when he retired from the Board on Monday. Mr. Speed has given a lot of valuable time to the interest of the county and no one appreciates it more than the other members of the Board with whom he served.

To Aid World Philanthropy 400,000 Grocers Will Join In Golden Rule Observance

Four hundred thousand grocery stores throughout the United States have volunteered their assistance to the Near East Relief in making a universal appeal to the public of the country on behalf of the refugee orphans of Bible Lands.
 December 7th is Golden Rule Sunday, the annual date fixed for international observance of Near-eastern humanitarian needs. Every grocer in the United States will use a special window display during the week preceding that date, when thousands of people will eat a dinner of the same sort of food that the American people is giving to their orphan wards in Armenia, Greece and Palestine.
 The menu will be selected from the following items: Beans, macaroni, condensed milk, corn syrup, lentils, bread, meat stew. Four cents per meal is the average cost of the ration served in the Near East and American foods are largely used because of their purity and high food value.
 At the same time, people are asked to make a thank offering of money to carry on the work of these great American orphanages, maintained by American philanthropy.
 John F. Ziemann is directing the movement among the grocers of the country. He is assisted by J. H. Meyer, who is in charge of the Greater New York Chapter.
