

SENATORIAL DIGNITY

Vice President Dawes lectured the United States senators at his first appearance as presiding officer very much like a school teacher would lecture her pupils.

Right or wrong, the senatorial dignity was very much perturbed. It must have been a distinct shock to the finer sensibilities of the senators, who have gloried in their prerogatives so long without anyone having the temerity to question them.

The country recognizes that the senate is a deliberative body, that it was created as a check upon the more or less impulsive lower house of congress, but it likewise knows when the senate takes its exalted position too seriously.

Vice President Dawes said the system of rules, if unchanged, can not but lessen the effectiveness, prestige and dignity of the United States senate. In that he is entirely right.

When one senator, who may not have the purest motives, is able to prevent legislation for which there is an actual need and a great demand, there is something seriously wrong with the senate machinery.

FARMERS AND WIVES WHO SWAPPED MATES NOW IN JAIL

Mr. and Mrs. Odeus Cravens, left, and Mr. and Mrs. Curt Wallace, right, the four implicated in the unique exchange of wives which landed them in jail for trial. The Wallaces have three children whom they sent to their grandparents and the Cravens have two children and they also sent theirs to their grandparents. Both couples claim it was a matter of being mismated and then their real mate came along. Wallace's mother objected to the trade and told the police. They were then arrested. Photo of the couples before the swap. They live at Bloomfield, Mo.

Monroe Swartz Makes Good

Monroe Swartz, a big right-handed pitcher secured by the New York Yankees from the Atlanta team of the Southern association, threatens to make good, and it would not be surprising if he was given a regular job with the Gothamites, according to reports from training quarters.

Senator George H. Moses

Senator Moses of New Hampshire, who was named by Republicans in the senate to be president pro tem of that body. His nomination is virtually an appointment as his party has a majority in the new senate.

The early bird gets the worm, perhaps, and sometimes he gets frost-bitten, too.

President Coolidge walked right out, turned right around and walked right back again.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nameless Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vast-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—307.
