Don't let's forget the pay roll for Louisburg. The merchants will need it next spring.

Quite a big lot of tobacco has been sold on the local market the past week at very satisfactory prices.

If the reports are true that the County Commissioners will buy a tract of land known as the Henry Kearney brick yard place between the railroad and the Green Hill place and erect a modern county home, we believe they will agree, after better consideration that the people of the county would prefer their building a modern county home on a public highway where it can be seen to advantage.

ARMISTICE DAY

What could be more fitting than that the ultimatum, delivered by the Council of the League of Nations, commanding Bulgaria and Greece to withdraw their troops behind their national borders, and to cease hostilities forthwith, should have been formulated and delivered practically on the eve of Armistice Day?

As the years roll on that influence must grow in power, carrying in place of sadness, solace to those stricken souls whose dear ones went west for human freedom. No more need Armistice Day cause the eye to flash in memory of great wrong done. Rather may it now make the stricken soul pass from that pain that is almost pleasure in its sacrifice, to pleasure that is almost pain in its nobility.

FRANKLINTON COMMUNITY FAIR

Franklinton will hold its third and biggest annual community fair in the Franklinton School Building November 11, 12 and 13. The plans are completed for the exhibits, judging, plays and night programs. The exhibits promise to be of better quality and quantity this year than ever.

CARD OF THANKS

We wish to thank our many friends for their every act of love, kindness and sympathy shown us during the illness and death of our son and brother. Their many beautiful tokens of esteem were greatly appreciated.

Judge G. M. Beam picked the improved cotton seed test on his farm 13 miles south of Louisburg last Friday. The improved variety yielded 750 pounds seed cotton per acre and the local variety yielded 720 pounds seed cotton per acre.

Some parents worry about keeping the kids in clothes and others about keeping the kids in socks.

OUR RALEIGH LETTER

By M. L. Shipman

Raleigh, November 2.—An unusually quiet week passed at the Capital last week for this time of the year. Usually the fall months find business of all kinds picking up and the government business picks up in corresponding degree.

The death of Mrs. Martha Jenkins at the Methodist Orphanage where for 24 years she was matron caused a wave of sorrow to sweep over the city in the last days of the week.

The State taxes, exclusive of the auto licenses taxes have passed the million dollar mark for any other month. This record was set up by the October taxes stated Commissioner Doughton and was the first time the State has ever collected such an amount in one month.

The fight is on for what the next Legislature will consider. Speaker Pharr of the house has come out in opposition to an eight months term so long as the present school equalization fund law is in operation. He believes it unfair to a number of the counties and says it imposes an unjust tax burden on some.

Considerable interest is displayed locally in the forthcoming trial of two negroes at Asheville charged with attacks on white women. At the same time 44 members of a mob which stormed the Buncombe County jail also will go on trial for this offense.

Governor McLean spoke at Durham last week before the State Federation of Womens Clubs Council and lauded the part of women in public life. He also reviewed for the women the things which he has accomplished, or set out to accomplish, in his administration. He was favorably received by the ladies and made an excellent impression.

Farmers are advised by Commissioner of Agriculture Graham to borrow from the Federal Reserve Bank through the savings and loan associations organized under the state law. Mr. Graham fears that many farmers will be unable to get through the winter because of drought losses and makes this suggestion whereby groups of farmers may obtain co-operative credit by organizing together for the common good.

The year 1925 is a bad one for North Carolina business, there have been 139 bankruptcies up to October which is 23 more than in the entire year 1924. Attorney General Brummett represented the State in the action at Charlotte to prevent the Southern from getting control of the Atlantic and Yadkin Railway.

Governor McLean has appointed on the board of managers of the State Home and Industrial School for Girls and Women at Samarand Mrs. W. N. Everett, Raleigh; Dr. A. McGeachy, Charlotte; Leonard Tufts, Pinehurst. On the board of directors of the State Hospital for the Insane, Morganton, C. F. Brooks, Hendersonville; J. H. Giles, Gen. Alpine; Dr. C. S. Kirby, Marion, and S. M. Robinson, Gastonia.

The Corporation Commission has been requested to allow the Western Union Telegraph Company to revise its rates in North Carolina so as to make them conform with rates in the other states served by that corporation. It is proposed to abolish the flat rate and base charges for messages on the distance between points.

The "turnip web worm," according to Dr. R. W. Leiby, entomologist of the State Department of Agriculture, can be readily controlled by spraying

or dusting with a poison such as arsenate of lead, a quarter of a pound to twelve gallons of water. In dusting with a mixture Dr. Leiby advises one part dry lead arsenate to six parts of air-slacked or finishing lime. "Morehead to Murphy" may scold the slogan of half a dozen bus lines now operating within the state.

The Division of Markets, State Department of Agriculture, calls attention to the demand for cucumbers, cabbages, tomatoes and other vegetables for pickling purposes. The pickle industry has become quite important in the western section of the State and outside capital is being attracted there as well as to the counties of Wayne, Pender, New Hanover, Duplin and Sampson in the East.

Speaker Pharr, of Mecklenburg, here a few days ago ventured the opinion that the time is not ripe for a constitutional eight months school and suggested that the cause be allowed to wait until the equalizing fund is so arranged as to "sure enough equalize the county burden for school purposes." State Superintendent Allen is in harmony with the views of the speaker touching the equalization fund, but sees no reason for postponing the longer school term. He favors submitting the eight months school to the voters of the State by the General Assembly of 1925 and "that's that."

Henderson and McDowell counties are each to have a two-weeks special term of criminal court beginning November 16 by order of Governor McLean. Judge W. F. Harding will preside over the Henderson county court, while one of the emergency judges is expected to preside over the term in McDowell.

It is announced that the appeal of W. B. Cooper, former Lieutenant Governor of North Carolina, will be heard by the United State Circuit Court of Appeals at Richmond on November 9th. Mr. Cooper was sentenced to serve eighteen months in the Federal prison at Atlanta following his conviction of violating the national bank laws while an officer of the defunct Commercial National Bank of Wilmington two or three years ago.
