Another "Bull" Durham advertisement by Will Rogers, Ziegfeld Folies and screen star, and leading American humorist. More coming. Watch for them.

I see where some of the Foreign Nations say they are going to FUND their debt to America, and all the Papers are all excited about it. But the BULL'S EYE is a Paper that never misleads our readers (either one of them). FUNDING a debt means about the same thing as having a fellow that has owed you for years, come to you and say "I am going to make arrangements to take up that loan I owe you just as soon as I can collect it from some fellows who owe me." So don't by any means get FUNDING mixed up with PAYING. The two have nothing in common. These Nations are just stalling until another War comes along and the first thing you know our debt will be four Wars behind. We have enough saved up to fight again, but they are using it now to enforce Prohibition.

The above picture shows part of a sale at the Planters Warehouse, Louisburg, operated by Dan Currin and Sam Meadows. Tobacco is here shown being sold on the sidewalk and in the street, their house being overflowed.

The high prices that Currin and Meadows have been able to get for the farmer has created county-wide talk, and farmers are daily selling on this floor, that have formerly sold on other markets.

Currin and Meadows guarantee to get the high dollar for every load of tobacco and send the farmer home satisfied. If you have not sold with them bring them one load and it is a safe bet that you will sell your entire crop at the Planters Warehouse, Louisburg.
