Service Is Our Motto For This Year

Every day in 1926 we want to have something new to show you. Mr. Gattis is on the market now buying goods for us. Mr. Gattis has served the people of Louisburg and Franklin County for nearly thirty years as a salesman and buyer and needs no introduction to you. We are not going to have a large stock, but we are going to have a stock of new things that will look nifty and up-to-date.

With the assistance and co-operation of Mrs. Turner, Mrs. Rouse and Mr. Gattis we expect to have one of the best small stores that Louisburg has ever had.

Remember if it is anything for Ma and the Girls we have it.

Her New "Daddy"

Little 9 year old Evelyn Castle of Harrisburg, Ore., is shown here with her new daddy, Harry Carpenter. Carpenter, a railroad engineer, struck the auto in which Evelyn's real mother and father were riding, killing both. Mr. Carpenter has adopted the child to provide for her.

Heard First Words

Dr. Thomas A. Watson, who worked with Alexander Graham Bell inventing the telephone, heard the first sound or word ever transmitted by wire. In the test, Mr. Bell spoke over the phone saying, "Come here, Watson, I want you." A tablet was recently unveiled commemorating the 60th anniversary of this great scientific marvel, the telephone.

A Hard Worker

Opal Code, from Fort Worth, Texas, has plowed her Bell County farm for four years, making a living for six members of her family. Now that her young brothers and sisters are provided for she is working her way thru Baylor College, serving as waitress.

The best method of applying lime is to use a spreader. The agricultural engineer at State College has plans for such a machine.

Parents who gave drums for Christmas need new ear drums by this time.
