

TO THE VOTERS OF FRANKLIN COUNTY

I wish to thank the voters of Franklin County for their support in the recent primary, and assure you that I feel very grateful for it. Inasmuch as no nomination for Coroner was made it has become necessary that a second primary be held on Saturday, July 3rd, 1926, and I will again appreciate your vote and influence. If I am nominated Coroner I will assure you that I will do all in my power to show you that I appreciate your vote.

TO FRANKLIN VOTERS

I wish to thank the people of Franklin County for the flattering vote accorded me in the June 5th primary, for which I am indeed grateful. However there was no nomination for Coroner made in that primary and it has become necessary to hold the second primary. I again solicit your vote and support and thank you in advance for the same. With the united support of my many friends on July 3rd, I can win the nomination and will assure you of the best efforts I possess in the discharge of the duties of this important position.

Things You Should Know

by John Joseph Gaines, M. D.

CUSTOM VS. COMMON-SENSE.

I saw a man suffering from sciatic neuritis, due to an injury to his hip. Somebody told him he had rheumatism, and that it was caused by defective teeth; he had eleven teeth extracted; did the neuritis get well promptly? No. If he had sold the car just before he franked it, he might have escaped the neuritis which followed; but to extract teeth for an injury to the hip, well—

Another patient suffered with a lame back for a number of months. "Rheumatism" of course. She submitted to a severe tonsil operation and, kept her backache until the real cause of it was discovered by a careful diagnostician.

Parting with all of one's teeth is a grave matter; but the fact remains, that thousands of serviceable molars are sacrificed annually, in obedience to custom—to a fad.

The tonsil may be diseased—many times they are; but, is the only remedy to be found in extirpation? We treat other infections successfully and preserve the infected organs, why not give the tonsil a chance? I believe that multiplied thousands of curable tonsils are "massacred" that should have been cured rationally, and this does not mean that the hopeless tonsil should not come out as soon as possible.

It is so easy to go to extremes. Some day there may be a requirement that all high-school pupils shall have their appendices removed as a qualification for entry. Once we removed ovaries on the slightest pretext. Sanity is returning in this field, I am glad to say. Let us study how to preserve teeth and tonsils, before we become a nation of "plate-bearers" and tonsil fends.

Here is the Miss—Edna Murphy—who has been selected to play opposite the famous red-haired—Harold Grange—in his football movie debut. Of course Edna will say "yes" to Red in the final close-up.

Bryan Luck?

Despite the fact that early returns showed Ruth Bryan Owen, daughter of the famous late Wm. P., a winner of the Democratic nomination for Congress from the fourth Florida district, it would seem she lost as the final official count is being tabulated.

Ponzi advises young men to live within their incomes and save their money. Queer how few folks are with their advice they never use.

Rockefeller has a book showing every cent he ever earned. But this is not the only reason for this paper shortage.

According to latest advices, they are going to phonograph as well as photograph the movie actors and actresses.
