That Blissful Feeling

There's a feeling of comfort when you slip on a pair of Florsheims that starts from the toes and spreads and spreads till you feel good all over! And say, Florsheims look every bit as grand as they feel. Take this tip—they're the best buy in shoes there is.

Our line of Spring wearing apparel is the most complete and attractive we have had and at reasonable prices. Call and let us show you.

With every purchase we give you a ticket. When you have traded \$20.00 worth you get \$1.00 free. If you trade \$10.00 worth you get a chance at a piece of china, and when you trade \$2.50 you get a child's parasol free. And we don't charge you any more for your goods.

FARMERS ARE TIRED.
"MONEY ENOUGH"—MELLON.
DANCING IN CHURCH.
GERTRUDE TRIES AGAIN.

Dr. Jaeger, Government volcano expert, brings from Hawaii an interesting device. Stored in basement or cellar, this household seismograph will warn the family of any coming earthquake sufficiently in advance. That interests New Yorkers, told that a big earthquake fault runs from the Statue of Liberty up the Hudson River. But many little earthquake rumbles mean nothing and after a few warnings families will become as indifferent to earthquake warnings as workmen do to bars of dynamite.

There is an automobile for every six people in the United States, about half as many as there ought to be. Before long, in hundreds of thousands of families, there will be a separate car for each person past sixteen years of age. Each bird needs its own wings.

The Reverend Tertius Van Dyke, son of the extremely able Dr. Henry Van Dyke, quits his fashionable New York church for a small town pulpit. "The people of New York want their religion with a jazz tempo," he says, and he doesn't intend to shoot off fireworks or wear a red vest, to save men's souls.

Mr. Van Dyke's complaint is just. When you have bare-footed young ladies dancing in the church aisles to "express religion" you push competition far. But pulpit sensationalism is not new. It was old when in Brooklyn DeWitt Talmage raced up and down his long platform, or Henry Ward

Beecher sold a good looking mulatto slave girl at public auction in his pulpit.

Farmers ask a 10 per cent profit on money, labor and land invested in their farms, and are told "Oh, that is ruled by the laws of supply and demand. We cannot do anything about THAT."

When railroads tell the Republican Government they want at least seven per cent on fifteen to twenty billions of securities, largely pure water, no supply and demand platitudes are handed out.

The Interstate Commerce Commission most politely raises freight and passenger rates, and the public pays.

The farmers are tired of that.

If you wonder WHY the farmers are tired, look at today's Wall Street news:

No. 1: "Class 1 railroads gain 14.7 per cent in earnings."
No. 2: "Corn is worth about fifty-five cents a bushel on the farm where it grows."

Bankers wondered how much Secretary Mellon must borrow to meet the Government's spring payments. Optimists thought he might get along with two hundred millions. Conservatives said at least three hundred millions.

Mr. Mellon amazes high finance by borrowing no money. Uncle Sam can finance himself, thanks to Mr. Mellon's management.

The people pay him \$12,500 a year, and this year he will clear off eight hundred millions more of public debts.

Gertrude Ederle, extraordinary young American swimmer, will try the English Channel once more, and says, "Last year's experience will help me." It should help her not to eat another heavy meal before she enters the water. A thoroughbred horse eats nothing on the morning of the race. Men know how to handle horses, but don't know how to handle themselves. Millions of young Americans eat heartily and immediately dance the Charleston violently, adding a heavy percentage to the American dyspepsia record. Tell that to your children.

Our young ladies are becoming sophisticated, almost cold. A young gentleman in love with Miss Clara Bow, who did not care much for him, slashed his wrists with a razor. Her comment was, "Gentlemen usually prefer guns, when they commit suicide for love."

COULDN'T FEAST HIS EYES

Man entering restaurant:—"You have a big mince pie in your window—the one with the raisins on top?"
Waiter:—"Certainly, want a piece?"
"No! Ye gods, no! I'll give you a dollar to throw the whole thing out. It gives me indigestion every time I come past."

A reasonable degree of caution is a part of true bravery, especially when he is bigger than you are.

IT'S PAY DAY FOR OUR Savings Depositors

A "Dividend" has just been credited to the account of each one of our Saving Depositors, in the form of Interest.

If you will send or bring in your Pass Book the next time you come to the Bank, the amount due you will be entered there.

Some Depositors will come in for a good share of this "Dividend"—others will not receive so much. If the amount in your case is small it is only because your savings have been small.

RESOLVE now to make your next Dividend larger by saving and adding to your account. If your name is not on our Interest "Payroll," start your account today.

High Quality And Best Facilities

Much of the success of our store is due to our efforts to give efficient delivery service. Our deliveries are made by schedule and you may always depend on your groceries arriving at a certain time.

The good housekeeper runs her home by schedule and we contend that a delivery service that encourages carelessness on the part of the housewife is really not a service but a detriment.

You will find our staple and fancy groceries always of the highest quality and the price most reasonable.

If we haven't what you want, we will get it or it can't be found
