COLORED WELFARE ORGANIZATION MEETS

The regular monthly meeting of the Franklin County Colored Welfare Organization met in the court house on Sunday afternoon with a large crowd present, including many white people. Mrs. W. B. Waddell, Superintendent of Public Welfare of Vance County, was the principal speaker and delivered a strong, forceful and instructive speech of encouragement to the colored people in this most important work. Her speech was greatly enjoyed and will no doubt lead on to greater work on the part of the organization. Dr. J. B. Davis also addressed the meeting and made a telling speech pointing out the wonderful work the organization had done and the wonderful opportunity it had before it. Mrs. Jeannette Sills reported receipts since the last meeting amounting to \$43.50. Several choirs were present and rendered a number of excellent musical selections to the delight of the occasion. The secretary made the following report: Lady Knights and Royal Knights of King David manifest great interest in the welfare work in Franklin county by giving contributions to Mrs. Jeannette Sills, for said work. Those giving \$1 each were W. G. Pearson, Durham; J. H. Bratcher, Rocky Mount; Warren Jones, Chapel Hill.

YOUR BIRTHDAY

If your birthday is this week you are original, daring and fearless. You are also commanding, self-willed and capable of attaining great poise. You are argumentative in nature, but your arguments are always sound, and having a well informed mind, you usually win the argument. You have an excellent memory, and your intuition is strongly marked. You attain your own ends without much difficulty. You are naturally endowed with a great amount of tact and diplomacy, but too often you fail to use it to its full advantage, often antagonizing those with whom you come in contact, with your abrupt and sharp speech. Be less frank—you will make more friends. You have some combative tendencies in your nature but you use it to good purpose. You never prolong a fight after you have gained the object for which you fought. Both men and women born during these dates are capable. Having a natural tendency toward the beautiful and artistic in all things, they often become musicians, artists and writers. Men also become doctors, lawyers, business executives, brokers and bankers. Women become teachers, nurses, actresses and elocutionists. Those Tarheel farmers who wish to know what their paid servants at State College are doing in agricultural extension work can have a copy of the eleventh annual report by writing for it. All farm animals need salt. It whets their appetites, stimulates the digestive glands and aids in preventing digestive disturbances. Even the pigs must have a supply to be most vigorous. Chinas richest man is sojourning in the country and will probably tell us before he leaves how he earned his first dollar. Speakerless banquets are being held but the noise can't be entirely eliminated until they do away with the soup course. It's difficult to put your finger on a man who isn't under someone's thumb. You couldn't blame some boys for not wanting to grow up like their dads. Be cautious in handing out advice because some day it may come back to you. All weddings are simple ceremonies to everyone but the bride and bridegroom. Burglars are active—headline. Did anyone ever see an inactive burglar? Experience is the best teacher but the course is long and there are no degrees. Expensive habits are sometimes the sign of cheap character. More people might be sensible if it didn't take so much practice. Law enforcement too often depends on whose ox is being gored. You can forgive a booster for exaggerating, but never the knocker. Success may not settle in the head, but it frequently causes the gout. Distance lends enchantment, particularly with respect to rouged cheeks. Wouldn't it be nice if we were always as nice as we sometimes are? Girls will be girls even though the new bobs make them look like boys. A bootlegger shot a sheriff and escaped, but it's not a healthy practice. You'll have to admit that bathing suits look a lot better dry than wet. Lending a hand to boost is an improvement over using a foot to kick. No Worms in a Healthy Child. All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is some or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dipeel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

The home agent led in the discussion of 'mineral in the diet' which brought out methods of cooking vegetables to preserve the mineral content. Menus for a day were made out and the iron content calculated. After the program the hostess served delicious sherbet and cake and everybody enjoyed the social hour spent on the lawn. The next meeting will be with Mrs. W. P. Wilson. Seven Paths Womens Club. The Seven Paths Womens Club met with Mrs. R. R. Strickland Friday afternoon and was called to order by the president Mrs. Roger Moore. The regular program in the year book was carried out, Mrs. M. T. Lamb giving an interesting talk on the iron, calcium, etc. contained in the diet. Mrs. E. S. Wilder gave another helpful talk on the classification of foods. Much was gained from these talks. Just at this time Mrs. Strickland invited her guests to the dining room where all were bountifully served with cake and lemonade. The club will meet with Mrs. J. M. Lamm next month. Pope Womens Club. Pope Womens Home Demonstration Club met at the club house Thursday afternoon. A committee was appointed to nominate new officers.
