## FRANKLIN COUNTY SUNDAY SCHOOL CONVENTION

Plans have been made for the holding the annual Franklin County Sunday School Convention at the Cypress Chapel Baptist Church on Saturday and Sunday, July 31 and August 1. Arrangements for the convention are in the hands of Mr. T. H. Sledge and Mr. A. A. Shearip, president and secretary of the county Sunday School Association.

These officers have announced that they have secured as outside speakers for the convention, Miss Flora Davis, Raleigh, Associate Superintendent North Carolina Sunday School Association; and Miss Daisy Magee, Raleigh, Children's Division Superintendent North Carolina Sunday School Association. Besides these outside speakers, a number of prominent pastors and Sunday school workers of the county will take part in the program.

The program for the convention will include addresses and discussions of various phases of modern Sunday school work, the object being to make it possible for workers in all departments of the Sunday school to get help from the convention. A request is being made to the Sunday school workers of the county to present to the convention any special Sunday school problem that should be discussed.

Announcement is also made by the officers in charge of the convention that, following a custom started three years ago, a pennant will be presented to the Sunday school having in the convention the largest number of representatives, sixteen years of age and over, according to the number of miles traveled. Any Sunday school in the county can compete for the pennant, except the Sunday school with which the convention is held and others within one mile of the convention church.

### GIRLS CAMP AT BALANCE ROCK

The girls camp is in progress at Balance Rock this week and will continue to July 20th. The girls from Louisburg especially the Girl Scouts will attend the camp next Monday. Reservation has been made some time ago for the Louisburg girls and a fine program of sports and activities have been arranged.

This week there has been many interesting things happening in camp. Swimming is one of the leading sports. Nancy Chavasse of Henderson has won the swimming prize so far. Thursday she broke her previous record by swimming 2,000 yards.

The girls going to camp next week should bring their own blankets and pillow, if they want a pillow, towels, soap, tooth brush, Bible, scout knives or scout ax, kodaks and small musical instruments and camp kit and such toilet articles as they desire. A girl in camp without a bathing suit will feel lost. Each girl should bring her good disposition and a will to have a good time.

Secretary Welch, of the Y. M. C. A. states that arrangements have been made for the girls to have a first class outing. Those who do not know how to swim will be given instructions daily. Those who know the art will be taught new methods and will receive instructions in life-saving and rescue methods. Special instruction will be given in scouting. Arrangements have been made for the girls to pass their scout test at camp.

Mr. Welch was in town last night for the purpose of giving assistance to Scout Master Harris in some of the activities the boys are promoting in the scout work here. He stated that the Louisburg people were welcome to camp while girls are there and at any other time they desire to come. The camp affords a fine place for church picnics and he invites such at any time.

### Suddenly Struck Down.

Death came to him at a time when most men are just beginning their real careers. Suddenly stricken on July 2, with meningitis, his virile fighting spirit carried him through the crisis and it was hoped that he would recover.

Only a moment before he died Judge Horton was talking to his physician, Dr. Hubert Haywood, Jr., and was conscious to the last. Death was caused by an acute dilation of the heart, his physician said. There had been a slight kidney complication in connection with the attack of meningitis.

Through the torrid heat of the last eight days Judge Horton had fought for life with the determination that he had carried into many legal battles. His friends in Raleigh and throughout the State believed he would win, even against great odds. Anxiously they kept in touch with his bedside, always hoping for the best.—News and Observer.

### MAKE IT A PICNIC

Franklin County Day At Farmers Convention; Big Crowd Franklin Citizens Expected To Attend

A good picnic for Franklin county citizens would be to attend the annual farmers convention at State College at Raleigh on Wednesday, July 28. That day will be Franklin County Day and the President, Mrs. T. H. Dickens, who is a Franklin county woman is making a special effort to have as many present on that day as possible.

State College is located near Pullen Park, a very desirable place to spread a picnic lunch. For those who do not find it convenient to carry lunches, a good meal can be secured at the college cafeteria for only twenty-five cents.

It is not necessary that all those who attend State College on that date stay through the entire exercises, or that they even attend the convention at all. The only requirement is that they register as Franklin county representative. This can be done in Pullen hall, the building in which the convention will be in session.

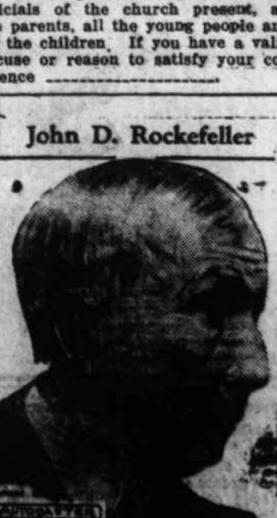

A beautiful loving cup will be presented to the county having the largest number to register on that date, so in order to get credit for attendance it is necessary that all present register. Mrs. S. B. Nash is making a special effort to have one thousand Franklin county people in Raleigh at that time. The object is two fold, first that Franklin county win the cup, and then as an honor to Mrs. Dickens, the president. Mr. W. H. Yarborough of Louisburg, will address the convention at that time.

If you have business in Raleigh that week, make it convenient to go on Wednesday the 28th and while there take time to go to Pullen hall and register.

### AT THE METHODIST CHURCH
