F. A. ROTH ELECTED TO HEAD EXPANSION PROJECT HERE

National Farm School Endorsed by Nation's Industrial and Agricultural Leaders

New York—F. A. Roth was officially elected chairman of the Louisburg committee of The National Farm School Expansion Project, it was announced today by Adam L. Gimbel of New York City, who with Samuel M. Vauclain, President of the Baldwin Locomotive Works, Abraham Erlanger retired merchant, Manny Strauss, Business Consultant, and Ex-Governor Sprout of Pennsylvania, form the Business Men's Council of this movement.

The election of Mr. Roth according to Mr. Erlanger, is in line with the policy of the Business Men's Council to secure for The National Farm School Expansion Project the services and experience of prominent men and women throughout the country who are in sympathy with the vital work of the school, which takes deserving city boys, supports and educates them for three years in scientific merchant training, and finds places for them in the important agricultural work of the nation.

The Business Men's Council of The National Farm School in electing Mr. Roth to this important post is confident that his services will contribute materially to the success of the movement in his city, the quota of which has been set at \$150. The expansion project of the school, which was a direct result of the National Farm School Agricultural Conference held in New York City, last June, at the Hotel Biltmore, was predicated by the unanimous decision of the attending delegates among whom were assistant secretary of Agriculture R. W. Dunlap, Senator Capper, of Kansas; Ex-Governor Lowden, of Illinois; Dr. C. W. Warburton, Director of Extension Work of the United States Department of Agriculture; Benjamin F. Yoakum, Senator Sheppard, of Texas, and the personally appointed delegates of forty state governors and mayors of all the principal cities.

It is the aim of the Business Men's Council to so expand the facilities of The National Farm School, at Doylestown, as to permit it to be of greater value to the nation by continuing to offer its gratuitous support and courses of practical agriculture study to hundred of additional boys between the ages of sixteen and twenty-one, who through the school's present lack of endowment, dormitories, acreage and agricultural implements, must now be refused admission. The plan of the Business Men's Council is to secure \$5000,000 within the next three years for The National Farm School.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please, no danger. Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

Christmas trees are plentiful. If the things that go on them are also plentiful, everything will be lovely.
 Idle rumors travel fast. So do idle roomers.

Opportunities may be greater in the present age, but the pioneers never had any Christmas bills to pay.
 Over-confidence loses games in athletics and in life too.

A SUGGESTION

A few suggestions I would like to make to our Town Officials:
 Don't be afraid of being arrested. If you are not familiar with our traffic rules, here are some plain, simple instructions:
 Speed limit fifteen miles per hour.
 Park at an angle of thirty degrees, approximately five feet from right hind wheel to curb.
 Turn at intersection only.
 Don't park at fire plug.
 No double parking.
 Dim lights.
 Driver approaching intersection at your right has right of way.
 Close cut-out.
 Street officers will help you, not arrest you.
 We don't want your fine, we want your favor.
 If you don't see what you want, ask for it—its here. We don't want you to tell it to the judge, tell it to your friends.
 Enjoy yourself here and come again. Yours for eternity.

SUBSCRIBER.

There are people who, if they aren't bad off, think they are, and that amounts to the same thing.
