Dallas Pastor Is Unanimous Choice of Southern Conven-tion for President This Year

PROGRESS IS REPORTED

Premotional Work of Convention Continued With Slight Revision In Personnel—Large Objec-tive Set

Dr. George W. Truett of Dallas, one of the best known Baptists in the world, was the unanimous choice of the Southern Baptist Convention for president at the recent session at Louisville, and he entered upon his new relationship by challenging the people and churches of his deports. people and churches of his denomi-nation to a deeper spirituality and a fuller consecration to the task of extending God's kingdom in the

Despite the fact that the floods in the Miselssippi Valley curtailed the year's collections somewhat and the civil war in China halted the opera-tions of the Foreign Mission Board

there during much of the year, re-ports that were gratifying to a large degree were presented by the various agencies and institutions of the Con-

Missionaries Do Effective Work The Foreign Mission Board re-ported 531 American missionaries and 2,644 native helpers in its em-ploy. A total of 12,085 baptisms were had on the foreign fields during the year. Today the Board reports 1,215 churches with 140,488 members and 1,818 Sunday schools with 76.991 pupils on the foreign fields, along with 3,247 preaching stations other than churches, and nine hospitals with 25 and 1 a pitals in which 69,583 patients were treated during the year. The For-eign Mission Board believes order be restored in China soon and larger mission opportunities have ever existed before will

missionaries were employed during the year. These reported 36,233 ad-ditions to the churches, the organi-sation of 168 new churches and 406 new Sunday schools, and the build-ing or repair of 278 houses of wor-

given to Sunday school workers, and the Architectural Department gave assistance to 1,476 churches in plan-ning their buildings.

assistance to 1,476 churches in planning their buildings.

Aid in the sum of \$156,252.07 was given to aged or disabled preachers, or dependent members of their families by the Relief and Annuity Hoard, the total number of beneficiaries carried by the Board now being 1,148.

The promotional work of the Convention for the support of its missionary, educational and benevolent interests was continued, though under the direction of a somewhat different and enlarged personnel. Members of the new executive committee will represent the several states on the promotional body; the state and general secretaries are retained as before; while the editors of the several Baptist state papers are added to this group this year. The total financial objective set by the several states for 1927 is \$8.096,666, and if this amount is realized if distributable cash it will net approximately \$3.887,000 for the various objects of the Southern Baptist Convention, the remainder going to the various state enterprises of the denomination. Every effort will be put forth to attain this total objective.

Expenses Will Be Controlled

In an effort to bring the fiscal affairs of the Convention into better shape, the Convention voted to establish the policy of budget control whereby each board and agency of the Convention will be required to bring its expenditures each year within its cash receipts, thus preventing the accumulation of debts. Indicating the progress in the several churches during the past associational year, the report of the Statistical Department shows 25,005 white Southern Baptist churches with a total of 3,708,253 members; 21,777 Sunday schools with 2,724,367 pupfls; 19,775 B. Y. P. U.s., with 425,426 members; 21,660 W. M. U. organizations which made contributions in the gum of 34,149,383,59; local church property with a valuation of 3184,719,387, and total contributions for the year to all objects in the sum of 340,105,355,31. Expenses Will Be Controlled

Beautiful FISHER BODIES!

Chevrolet is the only car in its priceclass offering bodies by Fisher-built as only. Fisher can build, and styled as low-priced cars were never styled before!

Bodies by Fisher are everywhere acknowledged to represent the highest order of beauty, luxury, and safety -and never was the superiority of Fisher craftsmanship more evident than in the Most Beautiful Chevrolet.

Despite the lowness of Chevrolet prices, there is not the slightest compromise in design, construction or finish. All embody exactly the principles employed on the highest priced cars—a composite

construction of selected hardwood and steel. All are finished in beautiful colors of lustrous, lasting Duco.

Enhancing the beauty of the bodies themselves are numerous features of distinction previously considered exclusive to the costliest cars—features typified by heavy full-crown, onepiece fenders and bullet-type headlamps.

Only the economies of Chevrolet's great volume production make possible such quality at Chevrolet prices -value so outstanding that comparisons cease to exist. Ask for a demonstration!
