About Your Health

INQUIRIES

Sometimes my readers write me, asking about little things not made clear in my letters to this paper—I thank them for the indirect confidence—sometimes for criticisms indulged. I cannot, of course, undertake the treatment of diseases by mail; have all I can do at home; but, a self-addressed, stamped envelope will bring an immediate reply from me, in the interest of good newspaper service.

I have been asked recently what foods are most likely to make a "lazy" liver worse. Sometimes a lazy liver is an over-loaded, tired liver, not a lazy one. Hence I reply that, an overload of any kind of food will aggravate an over-loaded liver—fruits being the least harmful. The specific article of diet that I feared, when dealing with an engorged liver is, starch in its many forms, such as baked or mashed potatoes, dry beans, white bread, and the like. The liver functions largely as a starch-transformer, and cannot do more than it is able to do.

One writer remonstrates—that fats work harm in "liver troubles"; referring to animal fats, I suppose. I have forbidden all meat-fats in gall-bladder conditions, but these are not "liver troubles." Meats are not good in gall-bladder affections; dairy fats, butter, cream &c. in small quantity, do much less if any harm. And, the vegetable oils, olive oil particularly have a reputation for being beneficial, among the older physicians.

Every liver case is a law unto itself, and should be referred to the family physician, whether you subscribe, or through some other agency, after forty-five years of service, of liver disease be investigated, a stitch in time may save several yards of catgut.

The Other Mother

Mrs. E. C. Chamberlin of Des Moines, Iowa, mother of Clarence Chamberlin, America's second air ace—and now holder of the long distance flying record, New York to Germany.

One White Flower

A summer sport frock of unusual charm is of white satin with binding of reversed material. Two-piece, with center kick pleat in the skirt, its only trimming is the white chiffon flower on the shoulder. The costume may be completed in a manner most chic with a gay scarf, hat with bright band, and sport sandals of white kid.

Was In Misery All Over

"I was in a dreadfully run-down condition," says Mrs. Chas. L. Lacroix, of Montgomery, La. "I suffered a great deal of pain. I was in misery all over. I could not sit up and I could not lie down. I couldn't sleep and at times I would have dreadful vomiting spells. The aches and pains seemed to cover my whole body."

"One night my husband brought me home six bottles of Cardui and I began to take it. I could tell that I was improving from the first bottle, but I kept on taking the medicine, for I knew that I needed a tonic that would build me up and strengthen me where I was weak and run-down. That is exactly what Cardui did for me. After I had finished the six bottles I felt fine."

"I feel truly thankful for what Cardui has done for me, for I could not have gone on living in the miserable condition I was in."

More Money For Our Savings Depositors

It is "savings pay day" again for our depositors, and the pleasant jingle and clink of new interest dollars may be heard dropping into the accounts that are being credited with this "extra money" which their savings have earned.

The sound of money never falls more like music on the ear than when it comes like a "wind-fall" in the form of interest that did not have to be worked for.

We invite our depositors to bring in their pass books for credit, and those who are not depositors we invite to start accounts now. On all deposits received on or before July 5th, we will pay interest from the 1st of the month.
