American Legion Convention

San Antonio, Tex., June 4.—Arrangements have been completed with the War Department for staging spectacular battle exercises and two great air circuses during the American Legion national convention to be held in San Antonio October 8 to 12.

Cooperation of the army has been pledged to the limit by Secretary of War Dwight F. Davis and Assistant Secretary of War Trubee F. Davidson, in charge of aviation for the department, Phillip B. Stapp, general Legion convention director, announced on his return from conferences just held with them at Washington.

The greatest fliers in the army will be assigned to put on the air circuses. Secretary Davis and Assistant Secretary Davidson told Mr. Stapp. One circus will probably be staged on Monday and the other on Friday of convention week.

Picked battalions from the famous old Second Division, which wrote its name large in the history of the World War, will stage the battle exercises, which will be the most elaborate and thrilling put on in America since the armistice, Mr. Stapp stated. This will be in the form of a simulated attack on a prepared enemy position. Fliers will be assigned by the war department to demonstrate the dropping of 1100 pound bombs on the attacking troops.

Cooperation of the navy department has also been assured by Secretary Curtis D. Wilbur. Plans are being considered for sending the dirigible Los Angeles to the convention if arrangements can be worked out for mooring the big ship here.

The air circus and the battle maneuvers will be only two of the many big features of convention entertainment which San Antonio is going to put on for the Legion gathering, Mr. Stapp said. A world's championship rodeo, with the greatest performers in the game participating, will also be staged.

Recorders Court

Judge H. W. Perry disposed of quite a good sized docket in Franklin Recorders Court Monday. The disposition of the docket was as follows:

State vs Bryant King, carrying concealed weapon, continued.

State vs Bryant King, assault on female, continued.

State vs Bryant King, public drunkenness, continued.

State vs Ernest Macon, unlawful possession of whiskey, continued.

State vs Caranza Floyd, carrying concealed weapon, guilty, fined \$100 and costs.

State vs Jude Bunn, two cases for assault with deadly weapon, pleads guilty, judgment suspended upon payment of costs.

State vs George Hodge, disturbing public worship, pleads guilty, judgment suspended upon payment of costs.

State vs Jack Bunn, assault with deadly weapon, pleads guilty, judgment suspended upon payment of costs.

State vs George Hartsfield, distilling, continued.

State vs Lonnie B. Lancaster, resisting officer, pleads guilty, judgment suspended upon payment of costs.

State vs Lonnie B. Lancaster, operating automobile intoxicated, not guilty.

State vs Lonnie B. Lancaster, carrying concealed weapons, guilty, fined \$100 and costs.

State vs Ira Mabray, abandonment, continued.

State vs William Matthews, operating automobile intoxicated, pleads guilty, fined \$50 and costs. Appeal.

State vs Morris Davis, carrying concealed weapon, guilty, fined \$100 and costs.

State vs Jim King, unlawful possession of whiskey, guilty, fined \$50 and costs.

State vs Major Williams, assault with deadly weapon, continued.

Be Sure Your

Property is Listed for Taxes before Saturday night

June 9th, 1928

as the books will positively close after that date.

J. A. Hodges

State vs Richard Williams, assault with deadly weapon, pleads guilty, judgment suspended upon payment of costs.

State vs Ernest Wiggins, violating prohibition law, guilty, 6 months in jail Commissioners to hire out.

State vs Robert Green, unlawful possession of whiskey, continued.

State vs Mack Perry, assault with deadly weapon, pleads guilty, judgment suspended upon payment of costs.

State vs Sam Crudup, violating prohibition law, guilty, 6 months in jail Commissioners to hire out.

State vs Ernest Wiggins, violating prohibition law, guilty, 6 months in jail Commissioners to hire out.

State vs Robert Green, unlawful possession of whiskey, continued.

State vs Lonnie Carpenter, assault with deadly weapon, guilty, 12 months on roads, execution not to issue outside Franklin county.

CONTROL PLANT LICE WITH NICOTINE DUST

Raleigh, June 4.—Ten pounds per acre of a three percent nicotine sulphate will control plant lice on cotton.

"While ready-mixed nicotine dusts may be secured from insecticide dealers, they can be made at home," says C. H. Brannon, extension entomologist at State College. "This can be done by adding three and three-fourths pounds or three pints of nicotine sulphate to 50 pounds of hydrated lime to secure a three-percent mixture. The lime is used as a carrier for the nicotine sulphate and it must be well mixed. The nicotine sulphate may be added to the lime with a convenient sprinker and the mixture then run through a fine sieve, 20 meshes to the inch, with the aid of a brush. Repeat this operation three times, brushing all the material thru the sieve so as not to lose any great amount of the nicotine poison.

The dust must be stored in a tight metal drum if it is not to be used at once. Where it is to be used at once, it may be placed temporarily in the empty lime sacks. It is best to use the material right after mixing, if possible, states Mr. Brannon.

In some cases, it is possible to add the nicotine sulphate to calcium arsenate, in the same proportions as with lime, but then the mixture must be used at once or the cotton plants may be burned. As in the case of calcium arsenate, the nicotine dusts should be applied to the cotton on a day when the air is calm and the temperature is hot.

Those farmers who are equipped to dust their cotton with calcium arsenate should be able to use this nicotine sulphate with the arsenate with excellent results thus controlling both the plant lice and the boll weevil at one operation.

INSURE COTTON CROP BY SIDE APPLICATIONS

Raleigh, June 4.—At least 50 to 60 pounds of nitrogen per acre should be used on the sandy soils of the coastal plain to insure a good cotton crop.

"Since this element leaches out of such soils very easily, it is best to make two applications of nitrogen, one at planting and one at chopping," says E. C. Blair, extension agronomist at State College. "An application of 800 pounds of an 8-4-4 fertilizer before planting supplies 32 pounds of ammonia. This leaves 18 to 28 pounds additional to be put on as a side application when the cotton is chopped. From 100 to 150 pounds of nitrate of soda per acre will supply the needed amount."

It is not wise to exceed this amount in top dressing cotton for two reasons, states Mr. Blair. An excessive application will either be wasted or will enlarge the stalk and delay maturity of the crop to a dangerous degree. On soils that are poorly drained, high in organic matter or that contain a considerable amount of clay less nitrogen should be applied than on sandy soils.

In the piedmont region, care must be taken, states Mr. Blair, not to apply too much nitrogen in proportion to the phosphoric acid used. Otherwise maturity will be so delayed that the cotton will be caught by frost. Where from 600 to 800 pounds of 10-4-4 has been applied before planting, no second application should be necessary. But if only superphosphate (acid phosphate) was applied at planting, a later dose of from 50 to 100 pounds of nitrate of soda will give surprisingly good results.

Under such conditions, Mr. Blair advises 100 pounds on thin soils and less on fertile soils which already contain a supply of nitrogen. Excessive applications of nitrogenous fertilizers on such soils will result in a large growing, late maturing crop, he states.

Childrens Day At Sarepta

There will be a special program at Sarepta Church Sunday afternoon at 3 o'clock, June 10. This consists of plays, recitations, dialogues and songs by the children. Everyone is cordially invited to come and bring all their friends.

June brides will probably take a black seat this month, with two national conventions occupying the front of the stage.

It might be said that even a good speller has his bad spells.

After all, happiness is the cheapest thing on earth, but too many people think it costs money.

America is said to be a country on wheels. A little more wheels in the head are needed by most of us today.

NOTICE OF SALE OF LAND IN THE TOWN OF YOUNGSVILLE, N. C., FOR DELINQUENT TAXES

At or about the hour of noon at the Mayor's Office in Youngsville, N. C., on Monday, June 11th, 1928, it being the second Monday in June, I will sell at public auction to the highest bidder for cash pursuant to the laws of North Carolina and the Charter of the town of Youngsville, N. C. all lands in the town of Youngsville, N. C., on which taxes for the year 1927, or any fraction thereof remain due with costs added as revised by section 8009 Consolidated Statutes, 1919 and Amendments thereto, described as follows:

Cheatham Bros., 6 lots Cross St.	\$ 93.38
Cost	1.20
